**Number of Faculty Attended:**

Department of CSE organized a seminar on 27.08.2022. on "Research Management and Accreditation Ready Analysis" for faculty and the resource person **Dr.B.T.Madhav** .

Main focus of the seminar is on overview of

**Objectives:**

1. How to do research work in an efficient manner .
2. Tips to increase citations.
3. How to publish research papers in multi-domain.
4. How to manage profession with career.

  
**PRINCIPAL**

**Learning outcomes:**

The participants gained knowledge on

- How to publish papers in different international journals .
- Also came to know about different domains and areas and scope to publish articles in reputed journals.
- How to enhance knowledge to increase the number of citations.

**Event Summary:**

Dr.B. T.Madhav ,Research Director –KL University on 27-08-2022 has delivered the research publications and different domain areas and the speaker guided all the faculty to concentrate more on research and tips to maintain the manage all the professional and career growth work in parallel. He also motivated the gathering how to compete with the emerging world.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the CSE department

Department of Computer Science & Engineering has been established in the year 2008 with the current annual intake of 120 students. Computer Science Engineering (CSE) is one of the most sought after course in engineering. Today, Computer Science Engineers are very highly sought after as they are now developing the most complex and innovative forms of technology that we all use today. Because of the broad range of topics within computer science and Engineering and the diverse interests of students, the department also offers with the following

specializations: B.Tech in CSE (Artificial Intelligence & Machine Learning) and B.Tech in CSE (IoT & Cyber Security including Blockchain Technology) with an intake of 60 each along with regular B.Tech CSE. These specializations are in demand just as regular CSE program and are turning out to be an essential for students to stay relevant in the evolving jobs market.

### About the Program

Protection of intellectual property rights is vital to the development of a country. Companies and individuals can spend years and a fortune to develop a product or service that is creative or innovative. All this effort can come to naught if the owners of intellectual property are unable to ensure its protection.

### Resource person

RESOURCEPERSON :DrB.T.Madhav, Research Director –KL University

### Program Objective

The main objective of intellectual property law is to encourage innovation and to provide incentives for innovation by granting protection to inventors that will allow them to recover research and development investments and reap the benefits of their inventions for a limited period of time

### Topics

- Research Management and Accreditation Ready Analysis
- String a research and how research is important etc..

### Vision of R&Dcell

To be a leading center for education and research in electronics and communication engineering, making the students adaptable to contemporary technologies with sound knowledge and socio-ethical values in an integrated learning environment.

### Mission of R&D cell

**M1:** To produce knowledgeable and technologically competent engineers for providing services to the society.

**M2:** To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students.

**M3:** To create a unified learning environment for sustained growth in electronics and communication engineering and related areas.

### Objectives of the R&D cell

- ☐ To prepare an annual research activity plan for all the departments.
- ☐ To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- ☐ To initiate and promote MoU's with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry and Institute interactions etc.
- ☐ To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- ☐ To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
- ☐ To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

### AboutSKPVV Committe

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMRCET is among the best destination.

The institute is accredited by NAAC and its programmes(CSE,EEE,ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the EDC CELL

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMRCET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMRCET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

### A TECHNICAL SEMINAR on

## A Seminar on Startup Ecosystem by ACICKL Startups Form

Organized by

EDC Cell

on

24.08.2022

**POTTI SRI RAMULU CHALAVADI  
MALLIKARJUNA RAO COLLEGE OF  
ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet ,Vijayawada-520001

Ph: 0866-2423442

Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

### About the Program

These organizations can be further divided into categories: universities, funding organizations, support organizations (like incubators, accelerators, co-working spaces etc.), research organizations, service provider organizations (like legal, financial services etc.) and large corporations.

Different organizations typically focus on specific parts of the ecosystem function and/or startups at their specific development stage(s).

College of Engineering & Technology  
Kothapet, VIJAYAWADA-520 001.

### Resource person

RESOURCEPERSON MR.Babu Hari Krishna Lanka

### Program Objective

The goal behind the Internet of things is to have devices that self report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention..

### Topics Covered

- ideas, inventions and researches
- start-ups at various stages
- entrepreneurs
- start-up team members
- angel investors
- start-up mentors
- start-up advisors
- other entrepreneurial minded people
- third people from other organizations with start-up activities

### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMR CET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.

□ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.

□ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.

□ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.

□ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

### AboutSKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

#### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

**REPORT :**

**Name of the Program** Seminar on Industrial IoT

**DATE:** 6-08-22

**Resource Person Details:** Mr. P.B.V.N Prasad . Professor, Dept. of CSE, MVR College of Engineering and Technology

Department of ECE organized a seminar on “Startup Industrial IoT” for ECE Students under EDC cell by the resource person Mr. P.B.V.N Prasad on 6-8-2022

**Objectives:**

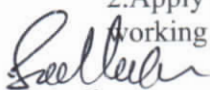

Main focus of the seminar is on overview of Internet of Things is not the result of a single novel technology; instead, several complementary technical developments provide capabilities that taken together help to bridge the gap between the virtual and physical world.

Students listening the seminar given by the speaker Mr. P.B.V.N Prasad

**Learning outcomes:**

- 1.Gained knowledge on Differentiate between the levels of the IoT stack and be familiar with the key technologies and protocols employed at each layer of the stack.
- 2.Apply the knowledge and skills acquired during the course to build and test a complete, working IoT system involving prototyping, programming and data analysis.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

## REPORT

**Name of the Program** : Startup interaction with DOFA startup

**Resource Person Details:** M Abhinay

Department of CSE organized a seminar on "Startup interaction with DOFA startup" for CSE Students under EDC cell by the resource person M Abhinay on 26 -07-2022

Main focus of the seminar is on overview of

1. Small business startups.
2. Buyable startups.
3. Scalable startups.
4. Offshoot startups.
5. Social startups.

**Objectives:**

How to convert the Research/Project works Small business startups .Buyable startups, Scalable startups, Offshoot startups, Social startups.

#### Learning Outcomes:

The participants gained knowledge on How to convert the Research/Project works Small businesses into Buyable startups, Scalable startups, Offshoot startups, Social startups. different approaches to scaling. In this guide, you'll learn about each one:

1. Small business startups
2. Buyable startups
3. Scalable startups
4. Offshoot startups
5. Social startups

### About the Program

The participants gained knowledge on How to convert the Research/Project works Small business startups. Buyable startups, Scalable startups, Offshoot startups, Social startups. there are five common types of startups across a variety of industries, all of which have different approaches to scaling

## Resource person

RESOURCEPERSON: M Abhinay, Company Stoneman Media Multiverse

## Program Objective

How to convert the Research/Project works Small business startups .Buyable startups, Scalable startups, Offshoot startups, Social startups.

## Topics

1. Small business startups.
2. Buyable startups.
3. Scalable startups.
4. Offshoot startups.
5. Social startups.

## Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

## Mission of EDC cell

Entrepreneurship Development Cell-PSCMR CET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

## Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.

- ☐ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.
- ☐ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.
- ☐ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.
- ☐ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

## AboutSKPVV Committe

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.

- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## REPORT

**Name of the Program** : Non Destructive Evaluation (iot)

**Duration:** 7-04-2022

**Resource Person Details:** B.JeevanRao , Associate professor ,Vishaka Engineering College

Department of MECHANICAL ENGINEERING organized a seminar on “Non Destructive Evaluation” for MECH Students under EDC cell by the resource person Medha student chapter from 07<sup>th</sup> April. 2022

### Objectives:

Main focus of the seminar is on overview of Nondestructive testing (NDT) is the process of inspecting, testing, or evaluating materials, components or assemblies for discontinuities, or differences in characteristics without destroying the serviceability of the part or system. In other words, when the inspection or test is completed the part can still be used.

FIG:Students interestingly listening the seminar given by the speaker B.JeevanRao , Associate professor ,Vishaka Engineering College

### Learning outcomes:

The student shall be able to find the internal flaws in the material by NDT and take measures to eliminate them. The student shall be able to solve various problems encountered like leakage, cracks, blowholes etc with the manufacturing process by analyzing the data.

### A TECHNICAL SEMINAR

on

## A Seminar on "Non Destructive Evaluation (IOT)"

Organized by  
**EDC Cell**

on

**07-4-2022**

**POTTI SRI RAMULU CHALAVADI  
MALLIKARJUNA RAO COLLEGE OF  
ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet ,Vijayawada-520001

Ph: 0866-2423442

Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

### About the Program

IoT have the potential to revolutionize non-destructive testing. AI algorithms powered by the data that IoT devices capture may help test teams automate a wide variety of tasks that traditionally have proven difficult to run by algorithms. Visual inspection and data reporting may be significantly streamlined as a result.

Potti Sriramulu Chalavadi Mallikarjuna Rao  
College of Engineering & Technology  
Kothapet, VIJAYAWADA-520 001.

## Resource person

**RESOURCEPERSON** B.JeevanRao working as a Associate professor in Vishaka Engineering College

## Program Objective

The purpose of NDT is to inspect a component in a safe, reliable, and cost effective manner without causing damage to the equipment or shutting down plant operations. This is in contrast to destructive testing where the part being tested is damaged or destroyed during the inspection process.

## Topics

- What Is Non-Destructive Testing (NDT) And HowIs It Used
- Where is NDT used
- Non-destructive testing methods

## Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

## Mission of EDC cell

Entrepreneurship Development Cell-PSCMR CET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

## Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.

- ☐ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.
- ☐ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.
- ☐ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.
- ☐ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

## AboutSKPVV Committe

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District on 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.

- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## REPORT

**Name of the Program** : Seminar on Qualitative & Quantitative research methodologies

**Date:** 04-04-2022

**Resource Person Details:** D.Srikar, Associate Professor ,Bhimavaram institute of engineering & Technology

Department of CSE organized a “Seminar onQualitative&Qunatitativeresearchmethodologies”, on 04-04-2022

Main focus of the seminar is on overview of Research Design: Selecting and defining a research problem, need for research design, features of a good research design, different research designs (exploratory, descriptive experimental and diagnostic research).

### Objectives:

How to do the Research/ Research Design: Selecting and defining a research problem need for research design, features of a good research design

D.Srikar, Associate Professor, Bhimavaram institute of engineering & Technology  
Explaining about research

**Learning outcomes:** Students learn about research how to publish your research. ...

**POTTI SRIRAMULU CHALAVADI MALLIKHARJUNA RAO  
COLLEGE OF ENGINEERING & TECHNOLOGY**

Approved by AICTE, NEW DELHI and Affiliated to JNTU, Kakinada  
Sponsored by : SKPVV Hindu High Schools Committee, Estd : 1906  
D.No. 7-3-6/1, Raghava Reddy Street, Kothapet, Vijayawada - 520 001.  
Voice : 0866-2423442, 91777 77855, Fax : 0866-2423443, E-mail: principal@pscmr.ac.in, www.pscmr.ac.in

1. Step 1: choosing a journal.
2. Step 2: writing your paper.
3. Step 3: making your submission.
4. Step 4: navigating the peer review process.
5. Step 5: the production process.
6. If your paper is accepted for publication, it will then head into production.

The participants gained knowledge on Selecting and defining a research problem, need for research design, features of a good research design, different research designs

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the CSE department

Department of Computer Science & Engineering has been established in the year 2008 with the current annual intake of 120 students. Computer Science Engineering (CSE) is one of the most sought after course in engineering. Today, Computer Science Engineers are very highly sought after as they are now developing the most complex and innovative forms of technology that we all use today. Because of the broad range of topics within computer science and Engineering and the diverse interests of students, the department also offers with the following

specializations: B.Tech in CSE (Artificial Intelligence & Machine Learning) and B.Tech in CSE (IoT & Cyber Security including Blockchain Technology) with an intake of 60 each along with regular B.Tech CSE. These specializations are in demand just as regular CSE program and are turning out to be an essential for students to stay relevant in the evolving jobs market.

### About the Program

The theme of the webinar is "Publishing research articles in high impact journals". The webinar focus on deciding the title of the research paper, writing a research article, drafting the abstract, selecting and publishing in a good impact journal.

### Resource person

RESOURCEPERSON: D.Srikar working as a AssociateProfessor at Bhimavaram institute of engineering & Technology

### Program Objective

The common understanding amongst the masses an laypeople who do not have any idea about the job of a researcher, scientist, scholar, or any other profession which requires steadfast experimentation and research work to be carried out day in and day out on a particular topic or certain phenomena, is that it must be an easy job. While this is relative to the researcher, generally speaking, it is quite a daunting profession. This is mostly so because it can be pretty hard for a researcher to garner the attention that he/she aspires to, for their work and findings.

### Topics

- How to planning area search,
- How to write formatting, writing, and editing, the paper
- publishing in a good impact journal.

### Vision

To be a leading center for education and research in electronics and communication engineering, making the students adaptable to contemporary technologies with sound knowledge and socio-ethical values in an integrated learning environment.

### Mission of R&D cell

**M1:** To produce knowledgeable and technologically competent engineers for providing services to the society.

**M2:** To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students.

**M3:** To create a unified learning environment for sustained growth in electronics and communication engineering and related areas.

### Objectives of the R&D cell

- To prepare an annual research activity plan for all the departments.
- To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- To initiate and promote MoU's with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry and Institute interactions etc.
- To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
  - To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes(CSE,EEE,ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the CSE department

Department of Computer Science & Engineering has been established in the year 2008 with the current annual intake of 120 students. Computer Science Engineering (CSE) is one of the most sought after course in engineering. Today, Computer Science Engineers are very highly sought after as they are now developing the most complex and innovative forms of technology that we all use today. Because of the broad range of topics within computer science and Engineering and the diverse interests of students, the department also offers with the following

specializations: B.Tech in CSE (Artificial Intelligence & Machine Learning) and B.Tech in CSE (IoT & Cyber Security including Blockchain Technology) with an intake of 60 each along with regular B.Tech CSE. These specializations are in demand just as regular CSE program and are turning out to be an essential for students to stay relevant in the evolving jobs market.

### CHIEF PATRONS

**Sri Chalavadi Mallikarjuna Rao**  
Founder & President

**Sri Sriram Radhakrishna Murthy**  
Vice President

**Sri P Lakshmana Swamy**  
Secretary & Correspondent

**Sri K.Venkateswara Rao**  
Treasurer

**Sri Sriram Razith Kumar**  
Joint secretary

### PATRON

**Dr .K.Sri Ramakrishna**

### Convener

**Dr. A.Pathanjali Sastry**  
HOD, CSE Dept., PSCMR College Of  
Engineering and Technology

### Coordinator

**Mr.Dr.SK.Akbar** Professor

### Organizing Member(s)

### About the Program

Protection of intellectual property rights is vital to the development of a country. Companies and individuals can spend years and a fortune to develop a product or service that is creative or innovative. All this effort can come to naught if the owners of intellectual property are unable to ensure its protection.

### Resource person

RESOURCEPERSON: DR.AKBAR AND P.SILPA

### Program Objective

The main objective of intellectual property law is to encourage innovation and to provide incentives for innovation by granting protection to inventors that will allow them to recover research and development investments and reap the benefits of their inventions for a limited period of time

### Topics

- How to start research
- Selection of research. Area
- Current trends in research

### Vision of R&Dcell

To be a leading center for education and research in electronics and communication engineering, making the students adaptable to contemporary technologies with sound knowledge and socio-ethical values in an integrated learning environment.

### Mission of R&D cell

**M1:** To produce knowledgeable and technologically competent engineers for providing services to the society.

**M2:** To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students.

**M3:** To create a unified learning environment for sustained growth in electronics and communication engineering and related areas.

### Objectives of the R&D cell

- To prepare an annual research activity plan for all the departments.
- To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- To initiate and promote MoU's with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry and Institute interactions etc.
- To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
- To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

### AboutSKPVV Committe

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915. Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its

administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.  
Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.

## REPORT

**Name of the Program** : Seminar on Current Issues in Intellectual Property Rights in India

**Date:** 27 -01-2022

**Resource Person Details:** Dr .V .Vijay Durga Prasad

**Number of Students Attended:** 83

Department of MBA organized a seminar on “Current Issues in Intellectual Property Rights in India” for MBA Students by the resource person Dr .V .Vijay Durga Prasad on 27 -01-2022

Main focus of the seminar is on overview of IPR, Industrial Designs, Copyright, Trademark, Indian Patenting Procedure, IP Strategy and International Patent Procedures.

**Fig:Dr.D.DurgaPrasad Addressing the gathering**

### Objectives:

1. How to convert the Research/Project works into Patents &

  
**PRINCIPAL**

COLLEGE OF ENGINEERING & TECHNOLOGY**

Approved by AICTE, NEW DELHI and Affiliated to JNTU, Kakinada  
Sponsored by : SKPVV Hindu High Schools Committee, Estd : 1906  
D.No. 7-3-6/1, Raghava Reddy Street, Kothapet, Vijayawada - 520 001.  
Voice : 0866-2423442, 91777 77855, Fax : 0866-2423443, E-mail: principal@pscmr.ac.in, www.pscmr.ac.in

**Objectives:**

1. How to convert the Research/Project works into Patents &
2. To provide insight into practical applications of IP such as patent drafting, patentability search and freedom to operate search, validity/invalidity search, and evidence of use analysis.

**Learning outcomes:**

The participants gained knowledge on

- **IPR Overview:** What is Importance of IPR Intellectual Property,
- **Types of IPR** and their Importance ,Focus and mandate of each IPR
- **Patents:** What are Patents, patent for technical invention, process of patent protection, parts of a patent application, aspects relating to relating conducting patent searcher, preparing patent applications, Infringement analysis and Enforcement of patents with Case Laws.
- **Trademark and Copyrights:** What are Trademark and Copyrights, how they are protected for brands, logos. Things to take care of during Transfer of Rights, Process of Protection in India and international level ,Exemplary Case Laws and Case Studies during Enforcement.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMRCET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the MBA department

The Department of Management Studies was launched in the year 2009, attracting a tremendous response from the students. The MBA programme is the only Post Graduate programme offered at PSCMR College of Engineering and Technology. The Department of Management Studies has made a mark of its own by offering the best of management education.

Being student centered, the Department leaves no stone unturned in shaping the future of students in a holistic environment. The college entrusts students with resources, responsibilities and hands on learning experience. The

students are enthused to take vital decisions and innovative steps to launch themselves successfully on to the business arena.

### About the Program

Protection of intellectual property rights is vital to the development of a country. Companies and individuals can spend years and a fortune to develop a product or service that is creative or innovative. All this effort can come to naught if the owners of intellectual property are unable to ensure its protection.

## Resource person

RESOURCE PERSON: Dr. V. VIJAYA DURGA PRASAD

## Program Objective

The main objective of intellectual property law is to encourage innovation and to provide incentives for innovation by granting protection to inventors that will allow them to recover research and development investments and reap the benefits of their inventions for a limited period of time

## Topics

- Solutions to Patent Problems
- Issues relating to intellectual property rights.

## Vision

To be a leading center for education and research in electronics and communication engineering, making the students adaptable to contemporary technologies with sound knowledge and socio-ethical values in an integrated learning environment.

## Mission of R&D cell

**M1:** To produce knowledgeable and technologically competent engineers for providing services to the society.

**M2:** To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students.

**M3:** To create a unified learning environment for sustained growth in electronics and communication engineering and related areas.

## Objectives of the R&D cell

- To prepare an annual research activity plan for all the departments.
- To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- To initiate and promote MoU's with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry and Institute interactions etc.
- To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
- To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

## About SKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915. Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and

reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.  
Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.

## REPORT

**Name of the Program:** Expert talk on IPR

**DATE:** 17.12.2021

**Resource Person Details:** Dr.A.RAVI

**Number of Students Attended:** 40

Department of ECE organized a seminar on "Expert talk on IPR" by Dr.A.RAVI, on 17-12-2021

Main focus of the seminar is on overview of IPR, Industrial Designs, Copyright, Trademark, Indian Patenting Procedure, IP Strategy and International Patent Procedures.

### Objectives:

1. How to convert the Research/Project works into Patents &
2. To provide insight into practical applications of IP such as patent drafting, patentability search and freedom to operate search, validity/invalidity search, and evidence of use analysis.

Delivering Seminar by Resource Person

PRINCIPAL

**Learning outcomes:**

The participants gained knowledge on

- **IPR Overview:** What is Importance of IPR Intellectual Property,
- **Types of IPR** and their Importance ,Focus and mandate of each IPR
- **Patents:** What are Patents, patent for technical invention, process of patent protection, parts of a patent application, aspects relating to relating conducting patent searcher, preparing patent applications, Infringement analysis and Enforcement of patents with Case Laws.
- **Trademark and Copyrights:** What are Trademark and Copyrights, how they are protected for brands, logos. Things to take care of during Transfer of Rights, Process of Protection in India and international level ,Exemplary Case Laws and Case Studies during Enforcement.

### About the ECE department

Electronics and Communication Engineering is an ever growing industry in today's digital scenario. It is the utilization of science and math applied to practical problems in the field of Electronics & Communication. Electronic communication engineers engage in research, design, development and testing of the electronic equipment used in various communications systems. It is due to Electronics engineers that we enjoy such modern communication devices as cellular telephones, radios and television

### Resource person

RESOURCEPERSON: Dr.A.RAVI ECE  
Head of the Department., PSCMR College  
Of Engineering and Technology

### Program Objective

The main objective of intellectual property law is to encourage innovation and to provide incentives for innovation by granting protection to inventors that will allow them to recover research and development investments and reap the benefits of their inventions for a limited period of time

### Topics Covered

- History of IPR in India
- Challenges of IPR
- Solutions to Patent Problems
- Issues relating to intellectual property rights.

### Vision

To be a leading center for education and research in electronics and communication engineering, making the students adaptable to contemporary technologies with sound knowledge and socio-ethical values in an integrated learning environment.

### Mission of R&D cell

**M1:** To produce knowledgeable and technologically competent engineers for providing services to the society.

**M2:** To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students.

**M3:** To create a unified learning environment for sustained growth in electronics and communication engineering and related areas.

### Objectives of the R&D cell

- To prepare an annual research activity plan for all the departments.
- To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- To initiate and promote MoU's with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry and Institute interactions etc.
- To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
- To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

### AboutSKPVV Committe

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The

society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.  
Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.

**REPORT**

**Name of the Program:** "Seminar on "IPR-An Overview and Implication"

**Date** : 30-09-2021

**Resource Person Details:** Dr. M. Venkateswarlu, Associate Professor , Ashoka Women's Engineering College

**Venue** : Main seminar hall

Department of ECE organized a seminar on "Seminar on "IPR-An Overview and Implication" for IV ECE Students by the resource person Dr. M. Venkateswarlu on 30-09-2021.

Main focus of the seminar is on overview of IPR, Industrial Designs, Copyright, Trademark, Indian Patenting Procedure, IP Strategy and International Patent Procedures.

**Objectives:**

1. How to convert the Research/Project works into Patents &
2. To provide insight into practical applications of IP such as patent drafting, patentability search and freedom to operate search, validity/invalidity search, and evidence of use analysis.

**Outcome:**

1. Students are able to learn preparation of patents on projects
2. Students are able to understand the patent drafting, patentability search and freedom to operate search, validity/invalidity search and evidence of use analysis.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMRCET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the ECE department

Electronics and Communication Engineering is an ever growing industry in today's digital scenario. It is the utilization of science and math applied to practical problems in the field of Electronics & Communication. Electronic communication engineers engage in research, design, development and testing of the electronic equipment used in various communications systems. It is due to Electronics engineers that we enjoy such modern communication devices as cellular telephones, radios and television. The graduates are qualified for professional practice or to work in several areas of specialization...

### About the Program

Protection of intellectual property rights is vital to the development of a country. Companies and individuals can spend years and a fortune to develop a product or service that is creative or innovative. All this effort can come to naught if the owners of intellectual property are unable to ensure its protection.

## REPORT

**Name of the Program** : Seminar on Research article writing and publishing in good impact journal

**Date:** 27.9.2021

**Resource Person Details:** Dr.Ishaq ,Professor , Nawab Shah Alam Khan College Of Engineering & Technology

Department of ECE organized a "Seminar on Research article writing and publishing in good impact journal", on 27.9.2021

**Objectives:** Main focus of the seminar is on overview of Research Design: Selecting and defining a research problem, need for research design, features of a good research design, different research designs (exploratory, descriptive experimental and diagnostic research).

Dr.Ishaq explaining about research

**Learning outcomes:** Students know about research How to publish your research. ...  
About these topic. ...

1. Step 1: choosing a journal.
2. Step 2: writing your paper.
3. Step 3: making your submission.
4. Step 4: navigating the peer review process.
5. Step 5: the production process.
6. If your paper is accepted for publication, it will then head into production.

The participants gained knowledge on Selecting and defining a research problem, need for research design, features of a good research design, different research designs

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the ECE department

Electronics and Communication Engineering is an ever growing industry in today's digital scenario. It is the utilization of science and math applied to practical problems in the field of Electronics & Communication. Electronic communication engineers engage in research, design, development and testing of the electronic equipment used in various communications systems. It is due to Electronics engineers that we enjoy such modern communication devices as cellular telephones, radios and television. The graduates are qualified for professional practice or to work in several areas of specialization...

### About the Program

The theme of the webinar is "Publishing research articles in high impact journals". The webinar focus on deciding the title of the research paper, writing a research article, drafting

*[Handwritten signature]*

**PRINCIPAL**

*[Handwritten text: PSCMR College of Engineering and Technology, Vijayawada]*

the abstract, selecting and publishing in a good impact journal.

### Resource person

RESOURCEPERSON: Dr.Ishaq, Professor at Nawab Shah

Alam Khan College Of Engineering And Technology

### Program Objective

The common understanding amongst the masses an laypeople who do not have any idea about the job of a researcher, scientist, scholar, or any other profession which requires steadfast experimentation and research work to be carried out day in and day out on a particular topic or certain phenomena, is that it must be an easy job. While this is relative to the researcher, generally speaking, it is quite a daunting profession. This is mostly so because it can be pretty hard for a researcher to garner the attention that he/she aspires to, for their work and findings.

### Topics Covered

- How to planning area search,
- How to write formatting, writing, and editing, the paper
- publishing in a good impact journal.

### Vision

To be a leading center for education and research in electronics and communication engineering, making the students adaptable to contemporary technologies with sound knowledge and socio-ethical values in an integrated learning environment.

### Mission of R&Dcell

**M1:** To produce knowledgeable and technologically competent engineers for providing services to the society.

**M2:** To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students.

**M3:** To create a unified learning environment for sustained growth in electronics and communication engineering and related areas.

### Objectives of the R&Dcell

- To prepare an annual research activity plan for all the departments.
- To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- To initiate and promote MoU's with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry and Institute interactions etc.
- To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
- To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

### AboutSKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They

contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy. Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.

**“Seminar on Intellectual property and cultural heritage in the  
digital environment”**

**A.Y.2020-2021**

**Venue: Mini Seminar Hall**

**Date: 04<sup>th</sup> October 2020**

**Summary report**

**Description:**

The first semester MBA program has a course titled **“Intellectual property and cultural heritage in the digital environment”**. The prime objective of this course is to make the students understand the cultural aspects of people and organizations. The students have made a Seminar on Intellectual property and cultural heritage in the digital environment. This will enable them to become suitable managers in course of time.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the Department of MBA

The Department of Management Studies was launched in the year 2009, attracting a tremendous response from the students. The MBA programme is the only Post Graduate programme offered at PSCMR College of Engineering and Technology. The Department of Management Studies has made a mark of its own by offering the best of management education.

Being student centered, the Department leaves no stone unturned in shaping the future of students in a holistic environment. The college entrusts students with resources, responsibilities and hands on learning experience. The students are enthused to take vital decisions and innovative steps to launch themselves successfully on to the business arena.

Excellence in academics and career is achieved through effective governance and quality education. The Department of Management Studies is a shining example in both these critical aspects. The founders of the college have devised 'faculty governance' concept, to expose students to excellence early in their life. The best of management faculty in the state are absorbed by the college. Every member of the faculty plays a vital role in implementing diverse academic and non-academic activities. The students are provided the best of academic atmospheres to achieve excellence in the field of Management Studies.

### A TECHNICAL SEMINAR

on

*Intellectual property and cultural heritage  
in the digital environment*

Organized by

Department of MBA

on

4-10-2020

**POTTI SRI RAMULU CHALAVADI  
MALLIKARJUNA RAO COLLEGE OF  
ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet, Vijayawada-520001  
Ph: 0866-2423442  
Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

### About the Program

The program provided a brief introduction to some of the key concepts and the key legal institutions relevant for the protection of intellectual property and its interface with cultural heritage and intangible cultural heritage in particular. It then proceeds with exploring in how far discrete intellectual property rights, such as patent, copyright or trademarks, can protect expressions of cultural heritage. The chapter maps the mismatches and the gaps and asks whether these can be addressed in some viable way – be it through adjusting the

### Vision of Dept of MBA

To be a management institution par excellence in nurturing future leaders for organizations.

### Mission of Dept of MBA

- To create and disseminate research-based knowledge in Management that influences practice and policy.
- To develop and enhance business leadership through innovative programmes in Management.
- To have distinguished faculty from all over the state to deliver courses and provide a better perspective to the student community.
- To utilize the knowledge and expertise of the faculty members to contribute to the welfare of the community.

### AboutSKPVV Committe

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.

- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## Post-Event Summary

### Executive Summary

Session Title	How to file patents and funding projects
Session Presenter	Dr.Rushi Santhosh singhthakur, Professor
Date of Event	12-2-2021
Event Summary	Faculty of CSE department and final year students has participated in this event On this talk Speaker discussed about Basic Steps to be followed for filing a patent application The structure of Indian IPR System Procedure Required to convert a Research work in to a patent

### Outcomes met

- 1 The participants gained knowledge on basic steps to be followed for a filing a patent application
- 2 Faculty learned the procedure required to convert a research work into a patent

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the R&D CELL

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMR CET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMR CET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

### A TECHNICAL SEMINAR on

### Expert talk on How to file patents

**Organized by**  
**R&D Cell**

**on**

**12-02-2021**

**POTTI SRI RAMULU CHALAVADI**  
**MALLIKARJUNA RAO COLLEGE OF**  
**ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet, Vijayawada-520001  
Ph: 0866-2423442  
Website: www.pscmr.ac.in

### About the program

On this talk Speaker discussed about  
Basic Steps to be followed for filing a patent application  
The structure of Indian IPR System  
Procedure Required to convert a Research work in to a patent

### Resource person

Dr.Rushi Santhosh Singh Thakur,/Professor /MVR college

### Program Objective

How to convert the Research/Project works Small business startups .Buyable startups, Scalable startups, Offshoot startups, Social startups.

### Vision of R&D cell

To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

### Mission of R&D cell

Explore technological developmental opportunities in emerging and common application areas which are suitable for common man and assign them to faculty and students. To encourage the faculty and students regarding Intellectual Property Rights.

### Objectives of the R&D cell

- ┆ To prepare an annual research activity plan for all the departments.
- ┆ To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- ┆ To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- ┆ To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
- ┆ To motivate students to present papers in National and International Journals, conferences and projects in competitions and exhibitions like Viswakarma, Jagruthi, E-yantra.

- ┆ Interdepartmental collaborative work to be encouraged.
- ┆ To formulate incentive schemes for promoting research activities with teachers and students/scholars.
- ┆ Motivate all Faculties to pursue research in their respective areas of expertise.

### About SKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.

- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

**Department of Computerscience&Engineering  
Seminar on “Modren approaches in research”**

On  
4-02-2021

**Guest Speaker: A.HanumanthPrasad**

**Total no. of students attended: 40 (III years)**

The department of ComputerScience&Engineering of Potti Sriramulu Chalavadi Mallikharjuna Rao College of Engineering and Technology organized a Seminar on “Ethics in Research” on 23-12-2020.

He gave brief idea about ethics to be followed in research. He gave a brief idea about Honesty, Objectivity, Integrity, Carefulness, Openness, Respect for Intellectual Property, Confidentiality, Responsible Publication.

**Fig: The Guest speaker A.Hanumanthprasad Associate professor at RK College of Engineering addressed all the gathering**

As per the feedback received from the participants it was a very good learning experience, the lecture helped them in understanding the basics of ressearch, how to choose topic,and ethics to be followed.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the CSE department

Department of Computer Science & Engineering has been established in the year 2008 with the current annual intake of 120 students. Computer Science Engineering (CSE) is one of the most sought after course in engineering. Today, Computer Science Engineers are very highly sought after as they are now developing the most complex and innovative forms of technology that we all use today. Because of the broad range of topics within computer science and Engineering and the diverse interests of students, the department also offers with the following specializations: B.Tech in CSE (Artificial Intelligence &

Machine Learning) and B.Tech in CSE (IoT & Cyber Security including Blockchain Technology) with an intake of 60 each along with regular B.Tech CSE. These specializations are in demand just as regular CSE program and are turning out to be an essential for students to stay relevant in the evolving jobs market.

### A TECHNICAL SEMINAR on

## Modern approaches in research

Organized by  
CSE department

On

4-02-2021

**POTTI SRI RAMULU CHALAVADI  
MALLIKARJUNA RAO COLLEGE OF  
ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet ,Vijayawada-520001

Ph: 0866-2423442

Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

### About the Program

The participants gained knowledge on Writing the proposal of a research work in the present era is a challenging task due to the constantly evolving trends in the qualitative research design and the need to incorporate medical advances into the methodology. The proposal is a detailed plan or 'blueprint' for the intended study, and once it is completed, the research project should flow smoothly. Even today, many of the proposals at post-graduate evaluation committees and application proposals for funding

PRINCIPAL

Potti Sriramulu Chalavadi Mallikarjuna Rao  
College of Engineering & Technology  
Kothapet, VIJAYAWADA-520 001

are substandard. A search was conducted with keywords such as research proposal, writing proposal and qualitative using search engines, namely, PubMed and Google Scholar, and an attempt has been made to provide broad guidelines for writing a scientifically appropriate research proposal.

### Resource person

A.Hanumanthprasad Associate professor at RK College of Engineering

### Program Objective

To provide knowledge on research Funding Opportunities and proposal preparations for Academicians for a rapid dissemination and experience to engineers and scientists working in the research and development. The workshop will also have insight on promoting excellence in research by understanding how to get bodies like DST, CSIR, DRDO, and MHRD etc.... and to create awareness for writing good Research proposals

### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMRCET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.

└ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.

└ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.

└ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.

└ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

### AboutSKPVV Committe

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy. Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the Department of CSE

Department of **Computer Science & Engineering** has been established in the year 2008 with the current annual intake of 120 students. Computer Science Engineering (CSE) is one of the most sought after course in engineering. Today, Computer Science Engineers are very highly sought after as they are now developing the most complex and innovative forms of technology that we all use today. Because of the broad range of topics within computer science and Engineering and the diverse interests of students, the department also offers with the following specializations: **B.Tech in CSE (Artificial Intelligence &**

**Machine Learning) and B.Tech in CSE (IoT & Cyber Security including Blockchain Technology)**

### About the Program

Intensive interactions between companies and academic institutions, including universities and research institutes, bring together different expertises from different innovators and are often argued to be advantageous for innovation performance and for sustaining economic growth (e.g. Jaffe, 1989 and Anselin et al., 1997). Among all potential interactive linkages, companies can directly cooperate with or acquire research results from academic institutions, financially support academic research, and hire students,

graduates, and researchers etc. to enrich their innovation capabilities. The potential positive effects of academia-industry linkages for innovation and for economic growth motivate governments in many countries to actively promote such linkages. Earlier studies in this research area suggest that academia-industry linkages utilised by companies for their innovation activities may differ across industries, organisational characteristics of companies, and the business and legal environments in which companies operate

HCL Technologies**

### CSE Department Objective

The Objective of the department is to provide quality education with practical orientation by enriching the students with knowledge & skills that help them to become employable graduate Engineers and to face the challenges of the industry and society.

### Vision of CSE Department

To become a center of excellence in computer science and engineering by enriching the problem solving skills and teaching environment that adapts swiftly to the challenges of the society and producing professionals who shall be the leaders in technology innovation, research, entrepreneurship and management.

### Mission of CSE Department

To Provide quality undergraduate education in Computer Science and Engineering so as to prepare our undergraduates to compete in the job market and to contribute to the economic, scientific, and social development. To Develop student's verbal and written communication skills, and instill a desire to pursue lifelong learning by utilizing state-of-the-art resources. To Enable students to have global impact through innovative, quality programs and research that

emphasizes collaborative partnerships and success of a diverse student, faculty and community.

### About SKPVV Committee

**The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee** with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.

- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the Department of EEE

**Electrical and Electronics Engineering** Department was founded with a threefold mission in teaching, research, and public service. Based on that foundation, the mission of the Department, in all major fields of electrical engineering, is to instill in students the attitudes, values, vision, and training that will prepare them for lifetimes of continued learning and leadership, to develop the ability and passion to work wisely, creatively, and effectively for the benefit of society. The department has well-equipped laboratories like Electrical Machines lab, Power Electronics & Control Systems lab and Networks & Electrical Measurements

lab. The major equipment in the laboratories include A.C & D.C Machines, C.T. Testing Equipment, Power Electronic Kits, Control equipment & major Electrical circuit equipment. 21 computers are installed in the laboratories. The laboratories under the EEE department have a wide variety of courses covering various subjects wherein practical exposure is of paramount importance. An approximate cost of 1 Crore is invested so far. All the labs are continuously on the updating process, wherein newer equipments will be procured and installed

### About the Program

Flexibility in power systems is ability to provide supply-demand balance, maintain continuity in unexpected situations, and cope with uncertainty on supply-demand sides. The new method and management requirements to provide flexibility have emerged from the trend towards power systems increasing renewable energy penetration with generation uncertainty and availability. In this study, the historical development of power system flexibility concept, the flexible power system characteristics, flexibility sources,

and evaluation parameters are presented as part of international literature. The impact of variable renewable energy sources penetration on power system transient stability, small-signal stability, and frequency stability are discussed; the studies are presented to the researchers for further studies. Moreover, flexibility measurement studies are investigated, and methods of providing flexibility are evaluated.

### Resource person

**Mr. S. T. Srikanth, Director, INVECAS, Hyderabad**

### EEE Department Objective

The Objective of the department is to provide quality education with practical orientation by enriching the students with knowledge & skills that help them to become employable graduate Engineers and to face the challenges of the industry and society.

### Vision of EEE Department

To develop the Department into a fully fledged centre of learning in various fields of Electrical and Electronics Engineering accordance with the latest social and technological developments to transform students into responsible professionals.

### Mission of EEE Department

To impart high quality technical education and training in electrical and electronics engineering with an overall background suitable for making a successful career in industry/research or higher education in India and abroad. To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students. To create a unified learning environment for sustained growth in Electrical & Electronics Engineering and related areas.

### About SKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

#### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.

- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## Summary report

Venue: Mini Seminar Hall

Date: 29/12/2020

Department of EEE organized a guest lecture on “A seminar on “Research opportunities in Electrical Engineering” under IEI Student chapter for II, III & IV EEE students on 29/12/2020. Dr.O.Chandra Sekhar Associate Professor in Department of Electrical Engineering, NIT Srinagar acted as resource person. In total 146 students attended from II, III & IV EEE.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the Department of EEE

Electrical and Electronics Engineering Department was founded with a threefold mission in teaching, research, and public service. Based on that foundation, the mission of the Department, in all major fields of electrical engineering, is to instill in students the attitudes, values, vision, and training that will prepare them for lifetimes of continued learning and leadership, to develop the ability and passion to work wisely, creatively, and effectively for the benefit of society. The department has well-equipped laboratories like Electrical Machines lab, Power Electronics & Control Systems lab and Networks & Electrical Measurements

lab. The major equipment in the laboratories include A.C & D.C Machines, C.T. Testing Equipment, Power Electronic Kits, Control equipment & major Electrical circuit equipment. 21 computers are installed in the laboratories. The laboratories under the EEE department have a wide variety of courses covering various subjects wherein practical exposure is of paramount importance. An approximate cost of 1 Crore is invested so far. All the labs are continuously on the updating process, wherein newer equipments will be procured and installed

### About the Program

Research based approach in education is important for engineering specialties. The implementation of this approach is interesting for students also. The research possibilities involve all levels. The education in Power and Electrical Engineering is set as priority in many countries, because people have to find ways to substitute petroleum and natural energy resources, which are decreasing in the world each day, to introduce more efficient and safe approaches to the use of present energy resources and significantly decrease unnecessary losses of energy. In

different countries, there are large discussions about the rational use of power resources: gradual transition to bio-fuel, use of hydrogen power in transport systems, development of cars with hybrid transmission and electro mobiles

### Resource person

Dr.O.Chandra Sekhar Associate Professor in Department of Electrical Engineering, NIT Srinagar

### EEE Department Objective

The Objective of the department is to provide quality education with practical orientation by enriching the students with knowledge & skills that help them to become employable graduate Engineers and to face the challenges of the industry and society.

### Vision of EEE Department

To develop the Department into a fully fledged centre of learning in various fields of Electrical and Electronics Engineering accordance with the latest social and technological developments to transform students into responsible professionals.

### Mission of EEE Department

To impart high quality technical education and training in electrical and electronics engineering with an overall background suitable for making a successful career in industry/research or higher education in India and abroad.

To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students. To create a unified learning environment for sustained growth in Electrical & Electronics Engineering and related areas.

### About SKPVV Committee

**The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee** with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.

- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## **REPORT OF ONLINE SEMINAR ON “Ethics in Research”**

On

**23-12-2020**

**Guest Speaker: Dr. Chattarjee**

**Total no. of students attended: 80 (IV years)**

**Total no. of faculty attended: 18**

The department of Electronics and Communication engineering of Potti Sriramulu Chalavadi Mallikharjuna Rao College of Engineering and Technology organized a Seminar on “Ethics in Research” on 23-12-2020.

The Guest speaker Dr. Chattarjee, , AMRITSAICOLLEGE addressed all the gathering.

**Fig: All the Faculty and Students are listening to the seminar given by the. Speaker Dr.Chattarjee**

The Guest speaker Dr. Chattarjee has unflinching commitment and ardent passion towards teaching.He discussed about research opportunities in Electronics and how to select the topic for better research.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMRCET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the R&D CELL

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMRCET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMRCET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

### Resource person

Dr. Chattarjee professor at Amritsai College

### Program Objective

How to convert the Research/Project works Small business startups .Buyable startups, Scalable startups, Offshoot startups, Social startups.

**PRINCIPAL**  
**Potti Sriramulu Chalavadi Mallikarjuna Rao**  
**College of Engineering & Technology**  
**Kothapet, VIJAYAWADA-520 001**

To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

### Mission of R&D cell

Explore technological developmental opportunities in emerging and common application areas which are suitable for common man and assign them to faculty and students. To encourage the faculty and students regarding Intellectual Property Rights.

### Objectives of the R&D cell

- To prepare an annual research activity plan for all the departments.
- To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
- To motivate students to present papers in National and International Journals, conferences and projects in competitions and exhibitions like Viswakarma, Jagruthi, E-yantra.
- Interdepartmental collaborative work to be encouraged.
- To formulate incentive schemes for promoting research activities with teachers and students/scholars.
- Motivate all Faculties to pursue research in their respective areas of expertise.

### About SKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.

- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## DEPARTMENT OF MECHANICAL

### “Seminar on “Design Opportunities and Research Perspectives by 3D Printing”

**A.Y.2020-2021**

**Venue: Mini Seminar Hall**

**Date: 21-12-2020**

#### Summary report

Session Title

**Design Opportunities and Research  
Perspectives by 3D Printing**

Session Presenter

Dr. K. RAJUBABU, Professor

Date of Event

21.12.2020

Event Summary

Faculty of mechanical department has participated in this event

On this talk Speaker discussed about

To provide knowledge on research Design Opportunities and Research Perspectives by 3D Printing preparations for Academicians for a rapid dissemination and experience to engineers and scientists working in the research and development.

Fig: Students interacting with the resource person

Outcomes met	
1	Faculty understand about Design Opportunities and Research Perspectives by 3D Printing
2	Understands How to write good proposal for Research
3	How to publish a paper in SCI Journal etc.,

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the Mechanical Engineering

**Mechanical Engineering** is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many mechanical engineers to occupy responsible positions practically in every field of activity – Space, Aviation, Power, Defense and of-course the elite Information technology as well. Most of the engineering based management experts hail from mechanical engineering background. There is substantial contribution by this faculty towards green revolution in the country.

Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only. The Department of Mechanical Engineering was established in the year 2013. Offering B.Tech program with an intake of 60, increased to 120 in the year 2014

### A TECHNICAL SEMINAR on

### A Seminar on Design Opportunities and Research Perspectives by 3D Printing

Organized by

**Mechanical Engineering Department**

on

**21 -12-2020**

**POTTI SRI RAMULU CHALAVADI  
MALLIKARJUNA RAO COLLEGE OF  
ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet, Vijayawada-520001

Ph: 0866-2423442

Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

### About the Program

As 3D Printing process, technologies and tools are rapidly becoming pervasive and used both in industrial and in non-industrial contexts, the risk to have new unsustainable printing processes and production's behaviours is high and, potentially, can lead to the increasing of environmental emergency (unsustainable growth). On the other hand, Design for Sustainability works, since late 80's, on the

mitigation of production's environmental foot-print and, recently, on the development of socio-technical systems and distributed hybrid solutions empowering both environmental aspects and socio-economic ones. This paper investigates the new concept of Sustainable 3D Printing using recent Design for Sustainability's research theories and design approaches, in order to evaluate, and later describes, promising design opportunities and research perspectives that can be used and taken into account, simultaneously, by designers, researchers, entrepreneurs and policymakers to support the societal transition toward sustainable ways of design.

Dr. K. RAJUBABU Assoc. Professor Department of MBA in VISAKHA INSTITUTE OF ENGINEERING & TECHNOLOGY

### Mission of Mechanical Department

Entrepreneurship Development Cell-PSCMRCE aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### AboutSKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group

of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

#### Mission of the Society

- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc
- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.

## Post-Event Summary

Session Title	<b>Research methodology: Proposal preparation and Funding Opportunities for Research</b>
Session Presenter	Dr.Hussain, Professor, Nawab Shah Alam Khan College of Engineering & Technology
Date of Event	05.12.2020
Event Summary	Faculty of CSE department has participated in this event On this talk Speaker discussed about To provide knowledge on research Funding Opportunities and proposal preparations for Academicians for a rapid dissemination and experience to engineers and scientists working in the research and development. The workshop will also have insight on promoting excellence in research by understanding how to get bodies like DST, CSIR, DRDO, and MHRD etc.... and to create awareness for writing good Research proposals.

Fig:Faculty listening about research methodology

Outcomes met	
1	Faculty understands funding agencies for Indian research scholars and funding opportunities for project proposals like DST, MHRD, DRDO and AICTE etc.,
2	Understands How to write good proposal for funding
3	How to publish a paper in SCI Journal etc.,
4	Funding opportunities for Women Project Proposals

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMRCET is among the best destination.

The institute is accredited by NAAC and its programmes(CSE,EEE,ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the EDC CELL

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMRCET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMRCET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

### About the Program

The participants gained knowledge on Writing the proposal of a research work in the present era is a challenging task due to the constantly evolving trends in the qualitative research design and the need to incorporate medical advances into the methodology. The proposal is a detailed plan or 'blueprint' for the intended study, and once it is completed, the research project should flow smoothly. Even today, many of the proposals at post-graduate

College of Engineering & Technology  
Kothapet, VIJAYAWADA-520 001.

evaluation committees and application proposals for funding are substandard. A search was conducted with keywords such as research proposal, writing proposal and qualitative using search engines, namely, PubMed and Google Scholar, and an attempt has been made to provide broad guidelines for writing a scientifically appropriate research proposal.

### Resource person

Dr.Hussain, Professor in NSAKCET

### Program Objective

To provide knowledge on research Funding Opportunities and proposal preparations for Academicians for a rapid dissemination and experience to engineers and scientists working in the research and development. The workshop will also have insight on promoting excellence in research by understanding how to get bodies like DST, CSIR, DRDO, and MHRD etc.... and to create awareness for writing good Research proposals

### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMR CET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.

└ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.

└ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.

└ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.

└ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the Department of CSE

Department of Computer Science & Engineering has been established in the year 2008 with the current annual intake of 120 students. Computer Science Engineering (CSE) is one of the most sought after course in engineering. Today, Computer Science Engineers are very highly sought after as they are now developing the most complex and innovative forms of technology that we all use today. Because of the broad range of topics within computer science and Engineering and the diverse interests of students, the department also offers with the following specializations: **B.Tech in CSE (Artificial Intelligence &**

**Machine Learning) and B.Tech in CSE (IoT & Cyber Security including Blockchain Technology)**

### About the Program

Intensive interactions between companies and academic institutions, including universities and research institutes, bring together different expertises from different innovators and are often argued to be advantageous for innovation performance and for sustaining economic growth (e.g. Jaffe, 1989 and Anselin et al., 1997). Among all potential interactive linkages, companies can directly cooperate with or acquire research results from academic institutions, financially support academic research, and hire students, graduates, and researchers etc. to enrich their innovation capabilities. The potential positive effects of academia-

industry linkages for innovation and for economic growth motivate governments in many countries to actively promote such linkages. Earlier studies in this research area suggest that academia-industry linkages utilised by companies for their innovation activities may differ across industries, organisational characteristics of companies, and the business and legal environments in which companies operate

### Resource person

**Mr.S.Narendrakumar** *Executive Director ,Apex Solution limited and vice-chairman CII-AP & Honary advisor.*

### CSE Department Objective

The Objective of the department is to provide quality education with practical orientation by enriching the students with knowledge & skills that help them to become employable graduate Engineers and to face the challenges of the industry and society.

### Vision of CSE Department

To become a center of excellence in computer science and engineering by enriching the problem solving skills and teaching environment that adapts swiftly to the challenges of the society and producing professionals who shall be the leaders in technology innovation, research, entrepreneurship and management.

### Mission of CSE Department

To Provide quality undergraduate education in Computer Science and Engineering so as to prepare our undergraduates to compete in the job market and to contribute to the economic, scientific, and social development. To Develop student's verbal and written communication skills, and instill a desire to pursue lifelong learning by utilizing state-of-the-art resources. To Enable students to have global impact through innovative, quality programs and research that

emphasizes collaborative partnerships and success of a diverse student, faculty and community.

### About SKPVV Committe

**The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools**

**Committee** with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

**Mission of the Society**

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.

- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the CSE department

Department of Computer Science & Engineering has been established in the year 2008 with the current annual intake of 120 students. Computer Science Engineering (CSE) is one of the most sought after course in engineering. Today, Computer Science Engineers are very highly sought after as they are now developing the most complex and innovative forms of technology that we all use today. Because of the broad range of topics within computer science and Engineering and the diverse interests of students, the department also offers with the following

specializations: B.Tech in CSE (Artificial Intelligence & Machine Learning) and B.Tech in CSE (IoT & Cyber Security including Blockchain Technology) with an intake of 60 each along with regular B.Tech CSE. These specializations are in demand just as regular CSE program and are turning out to be an essential for students to stay relevant in the evolving jobs market.

### A TECHNICAL SEMINAR on

### Benefits of IPR in Current Era

Organized by  
CSE department

on

24-07-2020

**POTTI SRI RAMULU CHALAVADI  
MALLIKARJUNA RAO COLLEGE OF  
ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet ,Vijayawada-520001  
Ph: 0866-2423442  
Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

### About the Program

Protection of intellectual property rights is vital to the development of a country. Companies and individuals can spend years and a fortune to develop a product or service that is creative or innovative. All this effort can come to naught if the owners of intellectual property are unable to ensure its protection.

### Resource person

RESOURCE PERSON: 3. Rajkala, working as a Associate professor in Sai Spoorthi engineering college

### Program Objective

The main objective of intellectual property law is to encourage innovation and to provide incentives for innovation by granting protection to inventors that will allow them to recover research and development investments and reap the benefits of their inventions for a limited period of time

### Topics Covered

- History of IPR in India
- Challenges of IPR
- Solutions to Patent Problems
- Issues relating to intellectual property rights.

### Vision

To be a leading center for education and research in electronics and communication engineering, making the students adaptable to contemporary technologies with sound knowledge and socio-ethical values in an integrated learning environment.

### Mission of IPR&RM cell

**M1:** To produce knowledgeable and technologically competent engineers for providing services to the society.

**M2:** To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students.

**M3:** To create a unified learning environment for sustained growth in electronics and communication engineering and related areas.

### Objectives of the IPR&RM cell

- ┐ To prepare an annual research activity plan for all the departments.
- ┐ To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- ┐ To initiate and promote MoU's with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry and Institute interactions etc.
- ┐ To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- ┐ To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
- ┐ To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

### AboutSKPVV Committe

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.

## Post-Event Summary

### Executive Summary

Session Title	<b>Research methodology: Proposal preparation and Funding Opportunities for Research</b>
Session Presenter	Dr.Hussain, Professor
Date of Event	05.12.2020
Event Summary	Faculty of CSE department has participated in this event On this talk Speaker discussed about To provide knowledge on research Funding Opportunities and proposal preparations for Academicians for a rapid dissemination and experience to engineers and scientists working in the research and development. The workshop will also have insight on promoting excellence in research by understanding how to get bodies like DST, CSIR, DRDO, and MHRD etc.... and to create awareness for writing good Research proposals.

## About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

## About the EDC CELL

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMR CET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMR CET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

## SEMINAR

on

## Research methodology--Proposal preparation and Funding Opportunities for Research

Organized by  
EDC Cell

on

05-12-2020

**POTTI SRI RAMULU CHALAVADI  
MALLIKARJUNA RAO COLLEGE OF  
ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet ,Vijayawada-520001

Ph: 0866-2423442

Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

## About the Program

The participants gained knowledge on Writing the proposal of a research work in the present era is a challenging task due to the constantly evolving trends in the qualitative research design and the need to incorporate medical advances into the methodology. The proposal is a detailed plan or 'blueprint' for the intended study, and once it is completed, the research project should flow smoothly. Even today, many of the proposals

at post-graduate evaluation committees and application proposals for funding are substandard. A search was conducted with keywords such as research proposal, writing proposal and qualitative using search engines, namely, PubMed and Google Scholar, and an attempt has been made to provide broad guidelines for writing a scientifically appropriate research proposal.

### Resource person

**Dr.Hussain, Professor in NSAKCET**

### Program Objective

To provide knowledge on research Funding Opportunities and proposal preparations for Academicians for a rapid dissemination and experience to engineers and scientists working in the research and development. The workshop will also have insight on promoting excellence in research by understanding how to get bodies like DST, CSIR, DRDO, and MHRD etc.... and to create awareness for writing good Research proposals

### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMRCET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.
- To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.
- To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.
- To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.
- To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

### AboutSKPVV Committe

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

**Mission of the Society**

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

## About the Program

These organizations can be further divided into categories: universities, funding organizations, support organizations (like incubators, accelerators, co-working spaces etc.), research organizations, service provider organizations (like legal, financial services etc.) and large corporations. Different organizations typically focus on specific parts of the ecosystem function and/or startups at their specific development stage(s).

### Resource person

RESOURCEPERSON Mr Bhaskar dulam-CFO-Crossboarders

### Program Objective

The goal behind the Internet of things is to have devices that self report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention..

### Topics

- ideas, inventions and researches
- start-ups at various stages
- entrepreneurs
- start-up team members
- angel investors
- start-up mentors
- start-up advisors
- other entrepreneurial minded people
- third people from other organizations with start-up activities

### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMR CET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.
- ☐ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.
- ☐ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.
- ☐ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.
- ☐ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the EDC CELL

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMR CET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMR CET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

### SEMINAR on "Startup Incubation Process"

Organized by  
EDC Cell

on

16.02.2020

**POTTI SRI RAMULU CHALAVADI  
MALLIKARJUNA RAO COLLEGE OF  
ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet, Vijayawada-520001

Ph: 0866-2423442

Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

### About the Program

These organizations can be further divided into categories: universities, funding organizations, support organizations (like incubators, accelerators, co-working spaces etc.), research organizations, service provider organizations (like legal, financial services etc.) and large corporations. Different organizations typically focus on specific parts of the ecosystem function and/or startups at their specific development stage(s).

### Resource person

RESOURCEPERSON :P.Ravindran,CEO  
,Startupcompany

### Program Objective

The goal behind the Internet of things is to have devices that self report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention..

### Topics Covered

- ideas, inventions and researches
- start-ups at various stages
- entrepreneurs
- start-up team members
- angel investors
- start-up mentors
- start-up advisors
- other entrepreneurial minded people
- third people from other organizations with start-up activities

### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMR CET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.

└ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.

└ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.

└ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.

└ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

### AboutSKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

**Mission of the Society**

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## Post-Event Summary

### Executive Summary

Session Title

**Business opportunities-government schemes**

Session Presenter

**JSS Rama Raju**

Date of Event

**14-02-2020**

Event Summary

Faculty of CSE department has participated in this event

On this seminar Speaker discussed about

The one day workshop on "Intellectual property rights & Innovations" is well structured, focused and result oriented. The workshop focus on different aspects of Intellectual Property Rights (IPRs), Conversion of the research/project works into Patents and Hands-on-Training on patent searches for Innovations.

Outcomes met

- 1 This workshop will bring a positive transformation in the students attitude in their UG/PG Projects and research works and get them more focused as well as result oriented.
- 2 Faculty learned the procedure required for patent filing

## About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

## About the EDC CELL

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMR CET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMR CET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

## About the Program

These organizations can be further divided into categories: universities, funding organizations, support organizations (like incubators, accelerators, co-working spaces etc.), research organizations, service provider organizations (like legal, financial services etc.) and large corporations. Different organizations typically focus on specific parts of the ecosystem function and/or startups at their specific development stage(s).

## Resource person

RESOURCEPERSON Mr J. S S Ramaraju

## Program Objective

The goal behind the Internet of things is to have devices that self report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention..

## Topics

- ideas, inventions and researches
- start-ups at various stages
- entrepreneurs
- start-up team members
- angel investors
- start-up mentors
- start-up advisors
- other entrepreneurial minded people
- third people from other organizations with start-up activities

## Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

## Mission of EDC cell

Entrepreneurship Development Cell-PSCMRCET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

## Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.
- To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.
- To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.
- To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.
- To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

## AboutSKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

### Program Objective

The goal behind the Internet of things is to have devices that self report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention..

### Topics

- ideas, inventions and researches
- start-ups at various stages
- entrepreneurs
- start-up team members
- angel investors
- start-up mentors
- start-up advisors
- other entrepreneurial minded people
- third people from other organizations with start-up activities

### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMRCEET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.

□ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.

□ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.

□ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.

□ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

### AboutSKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

**Mission of the Society**

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

## About the CSE department

Department of Computer Science & Engineering has been established in the year 2008 with the current annual intake of 120 students. Computer Science Engineering (CSE) is one of the most sought after course in engineering. Today, Computer Science Engineers are very highly sought after as they are now developing the most complex and innovative forms of technology that we all use today. Because of the broad range of topics within computer science and Engineering and the diverse interests of students, the

department also offers with the following specializations: B.Tech in CSE (Artificial Intelligence & Machine Learning) and B.Tech in CSE (IoT & Cyber Security including Blockchain Technology) with an intake of 60 each along with regular B.Tech CSE. These specializations are in demand just as regular CSE program and are turning out to be an essential for students to stay relevant in the evolving jobs market.

## About the Program

Protection of intellectual property rights is vital to the development of a country. Companies and individuals can spend years and a fortune to develop a product or service that is creative or innovative. All this effort can come to naught if the owners of intellectual property are unable to ensure its protection.

### Resource person

RESOURCEPERSON: **“Dr. B. Suresh Babu”**  
Professor in Mechanical Department, MVR  
College

### Program Objective

The main objective of intellectual property law is to encourage innovation and to provide incentives for innovation by granting protection to inventors that will allow them to recover research and development investments and reap the benefits of their inventions for a limited period of time

### Topics

- History of IPR in India
- Challenges of IPR
- Solutions to Patent Problems
- Issues relating to intellectual property rights.

### Vision

To be a leading center for education and research in electronics and communication engineering, making the students adaptable to contemporary technologies with sound knowledge and socio-ethical values in an integrated learning environment.

### Mission of RM&IPR cell

**M1:** To produce knowledgeable and technologically competent engineers for providing services to the society.

**M2:** To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students.

**M3:** To create a unified learning environment for sustained growth in electronics and communication engineering and related areas.

### Objectives of the RM &IPR cell

- To prepare an annual research activity plan for all the departments.
- To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- To initiate and promote MoU's with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry and Institute interactions etc.
- To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
- To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

### About SKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like

minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were **no schools at that time**. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.

To increase literacy level among the women by providing educational facility leading to women empowerment.

### About the EDC CELL

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMRCET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMRCET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMR CET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.

☐ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.

☐ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.

☐ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.

☐ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

### AboutSKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

**Mission of the Society**

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMRCET is among the best destination.

The institute is accredited by NAAC and its programmes(CSE,EEE,ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMRCET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL:- PSCMRCET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young minds stands as the prime motive for us. We try to provide

adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

### About the Program

These organizations can be further divided into categories: universities, funding organizations, support organizations (like incubators, accelerators, co-working spaces etc.), research organizations, service provider organizations (like legal, financial services etc.) and large corporations. Different organizations typically focus on specific parts of

the ecosystem function and/or startups at their specific development stage(s).

### Resource person

RESOURCE PERSON: Dr. Md. HUSSAIN  
Professor, Nawab Shah Alam Khan College of Engineering

### Program Objective

The goal behind the Internet of things is to have devices that self report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention..

### Topics Covered

- ideas, inventions and researches
- start-ups at various stages
- entrepreneurs
- start-up team members
- angel investors
- start-up mentors
- start-up advisors
- other entrepreneurial minded people
- third people from other organizations with start-up activities

### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMRCEET aims to convert feasible ideas into actual business propositions

which will not only add value to individual but will also benefit the nation as a whole.

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.

▮ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.

▮ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.

▮ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.

▮ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

## About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

## About the EDC CELL

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMR CET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMR CET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

## About the Program

These organizations can be further divided into categories: universities, funding organizations, support organizations (like incubators, accelerators, co-working spaces etc.), research organizations, service provider organizations (like legal, financial services etc.) and large corporations. Different organizations typically focus on specific parts of the ecosystem function and/or startups at their specific development stage(s).

### Program Objective

The goal behind the Internet of things is to have devices that self report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention..

### Topics

- ideas, inventions and researches
- start-ups at various stages
- entrepreneurs
- start-up team members
- angel investors
- start-up mentors
- start-up advisors
- other entrepreneurial minded people
- third people from other organizations with start-up activities

### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMR CET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.
- ☐ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.
- ☐ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.
- ☐ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.
- ☐ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

### AboutSKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

**REPORT**

**Name of the Program:** "Collaborative Research Methodology for Investing, Teaching and Learning"

**Date** : 14.02.2019

**Resource Person Details:** Dr. P. Subbaiah

**Number of Faculty Attended:**

Department of CSE organized a Faculty Development Program on 14.02.2019 on "Collaborative Research Methodology for Investing, Teaching and Learning" for faculty and the resource person is .

Main focus of the seminar is on overview of

**Objectives:**

1. Teacher student interaction .
2. How to incorporate new technology in classrooms .
3. Motivating faculty how to do innovative research.
4. How to manage profession with career.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMRCET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the Department of CSE

Teacher learning communities have been promoted as a promising approach to promote systemwide improvement of teaching and student learning. However, our knowledge about what design features of collaborative learning processes in teacher groups support teacher learning is still limited. Based on a teacher survey of lesson study, this study found that facilitators' focus on student thinking, the quality of

materials, and duration of lesson study were significantly associated with teacher participation in an effective inquiry process, which in turn is associated with perceived positive changes in teacher knowledge, self-efficacy, and expectation

### About the Program

Intensive interactions between companies and academic institutions, including universities and research institutes, bring together different expertises from different innovators and are often argued to be advantageous for innovation performance and for sustaining economic growth (e.g. Jaffe, 1989 and Anselin et al., 1997). Among all potential interactive linkages, companies can directly cooperate with or acquire research results from academic institutions, financially support academic research, and hire students, graduates, and researchers etc. to enrich their innovation capabilities. The potential positive effects of academia-industry linkages for innovation and for economic growth

motivate governments in many countries to actively promote such linkages. Earlier studies in this research area suggest that academia-industry linkages utilised by companies for their innovation activities may differ across industries, organisational characteristics of companies, and the business and legal environments in which companies operate

### Resource person

**Dr. P. Subbaiah Principal, MBA, VIMW**

### CSE Department Objective

The Objective of the department is to provide quality education with practical orientation by enriching the students with knowledge & skills that help them to become employable graduate Engineers and to face the challenges of the industry and society.

### Vision of CSE Department

To become a center of excellence in computer science and engineering by enriching the problem solving skills and teaching environment that adapts swiftly to the challenges of the society and producing professionals who shall be the leaders in technology innovation, research, entrepreneurship and management.

### Mission of CSE Department

To Provide quality undergraduate education in Computer Science and Engineering so as to prepare our undergraduates to compete in the job market and to contribute to the economic, scientific, and social development. To Develop student's verbal and written communication skills, and instill a desire to pursue lifelong learning by utilizing state-of-the-art resources. To Enable students to have global impact through innovative, quality programs and research that emphasizes collaborative partnerships and success of a diverse student, faculty and community.

### About SKPVV Committee

**The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee** with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

#### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.

## Post-Event Summary

### Executive Summary

Session Title	A seminar on "Internet of Things "
Session Presenter	Mr.Jaya Prakash senior principal technical support engineer.
Date of Event	30/06/2018
Event Summary	IV.btech students of CSE department has participated in this event On this talk Speaker discussed about the most emerging technology of today in the list of Emerging Trends in Computer Science like Augmented Reality, Responsive Web Design, Ambient Intelligence, HTML5, CSS3.

### Outcomes met

- 1 The participants gained knowledge Internet of Things
- 2 They had basic idea about the sensors in IOT

## About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

## About the EDC CELL

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMR CET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMR CET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

## A TECHNICAL SEMINAR on Internet of Things

Organized by  
**EDC Cell**

on

**30.06.2018**

**POTTI SRI RAMULU CHALAVADI  
MALLIKARJUNA RAO COLLEGE OF  
ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet ,Vijayawada-520001

Ph: 0866-2423442

Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

## About the Program

The program is about Internet of things and the various fields involved in it. IoT is described as a **network of connected physical objects with the help of the internet**. Physical objects list includes software, embedded electronics, sensors, and many more. In simple terms, IoT is collecting and exchanging data among the network of connected devices to make a better decision.

  
**PRINCIPAL**  
Potti Sriramulu Chalavadi Mallikarjuna Rao  
College of Engineering & Technology  
Kothapet, VIJAYAWADA-520 001.

RESOURCEPERSON Mr.Jaya Prakash senior principal technical support engineer

### Program Objective

The goal behind the Internet of things is to have devices that self report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention..

### Topics

- BasicideaaboutInternetofothings

### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMR CET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.
- To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.
- To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.
- To aid the student community with contemporary issues in their core areas to improve entrepreneurial career

opportunities.

- To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

### AboutSKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.

- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## Post-Event Summary

### Executive Summary

Session Title A seminar on "Unleash Your Hidden Potential- A leadership motivation session "

Session Presenter Sri.Amit ji,National coordinator, AYUDH.

Date of Event 04/08/2018

Event Summary II B.Tech students of CSE department has participated in this event. On this talk Speaker stated that education should imbibe social consciousness and one should willingly use knowledge and skills to solve societal issues.He encouraged the youngsters to create a positive impact in the society by taking a leap of faith and follow their dreams and visions with live examples.

### Outcomes met

- 1 The participants understood their role, commitment towards society and endeavored to improve ethical values among them.
- 2 They motivated how to channelize their valuable energy for a good cause which would ultimately benefit the society.

## About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College

of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics,

as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

## About the Department of CSE

Department of Computer Science & Engineering has been established in the year 2008 with the current annual intake of 120 students. Computer Science Engineering (CSE) is one of the most sought after course in engineering. Today, Computer Science Engineers are very highly sought after as they are now developing the most complex and innovative forms of technology that we all use today. Because of the broad range of topics within computer science and Engineering and the diverse interests of students, the department also offers with the following specialization: **B.Tech in CSE**

## A TECHNICAL WEBINAR

*Unleash Your Hidden Potential-A Leadership  
Motivational Session*

*Organized by*

**CSE Department**

on

**04-08-2018**

**POTTI SRI RAMULU CHALAVADI  
MALLIKARJUNA RAO COLLEGE OF  
ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet, Vijayawada-520001

Ph: 0866-2423442

Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

## About the Program

The Motivational Session began with a prayer recital by Mr. Amit, a member of Ayudh Team, in which he sensitized the young students about their role towards the nation creating awareness, conviction & commitment towards one's society and endeavored to improve ethical values among the youngsters. The need for ethical value was driven hard into the minds of the students through a Role Play and he motivated the youth to channelize their valuable energy for a good cause which would ultimately benefit the society. This was followed by an Inspirational Talk by Mr. Vivek, who discussed about the role of youth in creating environmental awareness and the need to improve sustainable development

goals. His speech also focused on the awareness of the fatal effects of the usage of drugs among the youth and the need to bring an end to the open defecation system which is an age old unhygienic practice followed in the country. This eventually inspired the students to protect nature and water bodies of the country. Ms. Bharthi and Mr. Sumit also gave inspiring talks and live examples on how to stay motivated in life by exploring and developing one's inherent potential. They also invited the students to be a part of 'AYUDH' which has a holistic approach including fun, work and learning and to participate in AYUDH Leaders

### Resourceperson

***Sri Amit Ji, National Coordinator ,AYUDH***

### CSE Department Objective

The Objective of the department is to provide quality education with practical orientation by enriching the students with knowledge & skills that help them to become employable graduate Engineers and to face the challenges of the industry and society.

### Vision of CSE Department

To become a center of excellence in computer science and engineering by enriching the problem solving skills and teaching environment that adapts swiftly to the challenges of the society and producing professionals who shall be the leaders in technology innovation, research, entrepreneurship and management.

### Mission of CSE Department

To Provide quality undergraduate education in Computer Science and Engineering so as to prepare our undergraduates to compete in the job market and to contribute to the economic, scientific, and social development. To Develop student's verbal and written communication skills, and instill a desire to pursue lifelong learning by utilizing state-of-the-art resources. To Enable students to have global impact through innovative, quality programs and research that

emphasizes collaborative partnerships and success of a diverse student, faculty and community.

### About SKPVV Committee

**The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee** with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.

- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes(CSE,EEE,ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the EDC CELL

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMR CET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMR CET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

### About the Program

These organizations can be further divided into categories: universities, funding organizations, support organizations (like incubators, accelerators, co-working spaces etc.), research organizations, service provider organizations (like legal, financial services etc.) and large corporations. Different organizations typically focus on specific parts of the ecosystem function and/or startups at their specific development stage(s).

Kothapet, VIJAYAWADA-520 001.

The goal behind the Internet of things is to have devices that self report in real-time, improving efficiency and bringing important information to the surface more quickly than a system depending on human intervention..

### Topics

- ideas, inventions and researches
- start-ups at various stages
- entrepreneurs
- start-up team members
- angel investors
- start-up mentors
- start-up advisors
- other entrepreneurial minded people
- third people from other organizations with start-up activities

### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

### Mission of EDC cell

Entrepreneurship Development Cell-PSCMRCET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.
- To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.

□ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.

□ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.

□ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

### About SKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.

- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.

### About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

### About the CSE department

Department of Computer Science & Engineering has been established in the year 2008 with the current annual intake of 120 students. Computer Science Engineering (CSE) is one of the most sought after course in engineering. Today, Computer Science Engineers are very highly sought after as they are now developing the most complex and innovative forms of technology that we all use today. Because of the broad range of topics within computer science and Engineering and the diverse interests of students, the department also offers with the following

specializations: B.Tech in CSE with an intake of 60 each

### A TECHNICAL SEMINAR

on

### “Intellectual Property Rights and International Perspectives”

**Organized by**  
**CSE department**

on

**20.12.2018**

**POTTI SRI RAMULU CHALAVADI  
MALLIKARJUNA RAO COLLEGE OF  
ENGINEERING AND TECHNOLOGY**

Raghavareddy Street, Kothapet, Vijayawada-520001  
Ph: 0866-2423442  
Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

### About the Program

Protection of intellectual property rights is vital to the development of a country. Companies and individuals can spend years and a fortune to develop a product or service that is creative or innovative. All this effort can come to naught if the owners of intellectual property are unable to ensure its protection.

### Resource person

RESOURCEPERSON: Dr.Pamula Sekhar Babu  
Professor,SaiSpurthiEngineeringCollege

### Program Objective

The main objective of intellectual property law is to encourage innovation and to provide incentives for innovation by granting protection to inventors that will allow them to recover research and development investments and reap the benefits of their inventions for a limited period of time

### Topics

- History of IPR in India
- Challenges of IPR
- Solutions to Patent Problems
- Issues relating to intellectual property rights.

### Vision of R&Dcell

To be a leading center for education and research in electronics and communication engineering, making the students adaptable to contemporary technologies with sound knowledge and socio-ethical values in an integrated learning environment.

### Mission of R&D cell

**M1:** To produce knowledgeable and technologically competent engineers for providing services to the society.

**M2:** To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students.

**M3:** To create a unified learning environment for sustained growth in electronics and communication engineering and related areas.

### Objectives of the R&D cell

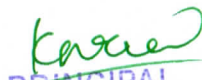

- To prepare an annual research activity plan for all the departments.
- To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- To initiate and promote MoU's with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry and Institute interactions etc.
- To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
  - To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

### AboutSKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.  
Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.

## Post-Event Summary

### Executive Summary

Session Title A seminar on "Mastering Your Thoughts "

Session Presenter Mr.Sudheer Sandra, Motivational speaker, Psychologist, Trainer & Lifeskills coach.

Date of Event 30/11/2018

Event Summary III B.Tech students of CSE department has participated in this event. On this talk Speaker explained that how our thoughts impact our physical sensations, How mindfulness helps us emotionally regulate, the best ways to empower ourselves to have control over ourselves.

### Outcomes met

- 1 The participants understood how to regulate the stress response.
- 2 The best way to start applying mindfulness.

## About the Program

Such incidents have become a part of our daily lives. We have accepted them as a natural phenomenon. How many of us have asked this question, "Why do such things happen?" Although most of us dismiss such situations as 6 Bhupendra Singh Rathore 'coincidence' or 'bad luck,' they have usually never given it more thought than that. But what if these incidents are not accidents or dumb luck, but have actually been brought into our lives by our own thoughts? Welcome to the most powerful world of all - that of your mind!

### Resource person

*Sudheer Sandra, Motivational Speaker,  
Psychologist, Trainer & Life Skill Coach*

### CSE Department Objective

The Objective of the department is to provide quality education with practical orientation by enriching the students with knowledge & skills that help them to become employable graduate Engineers and to face the challenges of the industry and society.

### Vision of CSE Department

To become a center of excellence in computer science and engineering by enriching the problem solving skills and teaching environment that adapts swiftly to the challenges of the society and producing professionals who shall be the leaders in technology innovation, research, entrepreneurship and management.

### Mission of CSE Department

To Provide quality undergraduate education in Computer Science and Engineering so as to prepare our undergraduates to compete in the job market and to contribute to the economic, scientific, and social development. To Develop student's verbal and written communication skills, and instill a desire to pursue lifelong learning by utilizing state-of-the-art resources. To Enable students to have global impact through innovative, quality programs and research that emphasizes collaborative partnerships and success of a diverse student, faculty and community.

### About SKPVV Committe

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

#### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.

- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

### Summary Report

Venue: Mini Seminar hall, PSCMRCET

Date: 15-08-2018

A Guest lecture on “Evolution of telecom networks” is organized by Department of ECE in association with IETE student chapter. The guest speaker Sri. JSSRAMARAJU gave an insight to the students how the telecommunication network evolved over the years and where we stand today in the telecommunication technology. A total of 95 students participated in the event.

## About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMRCET is among the best destination.

The institute is accredited by NAAC and its programmes(CSE,EEE,ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

## About the Department of CSE

India, poised on the threshold on becoming a superpower, is in a need of strong citizens with the ability to hold the helm and steer the nation towards a brighter tomorrow. Those with this ability and the will to lead are the entrepreneurs of tomorrow. Entrepreneurship Cell, PSCMRCET, hopes to play its part in realizing this vision. We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMRCET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

## About the Program

Intensive interactions between companies and academic institutions, including universities and research institutes, bring together different expertises from different innovators and are often argued to be advantageous for innovation performance and for sustaining economic growth (e.g. Jaffe, 1989 and Anselin et al., 1997). Among all potential interactive linkages, companies can directly cooperate with or acquire research results from academic institutions, financially support academic research, and hire students, graduates, and researchers etc. to enrich their innovation capabilities. The potential positive effects of academia-industry linkages for innovation and for economic growth

College of Engineering & Technology  
Kothapet, VIJAYAWADA-520 001

motivate governments in many countries to actively promote such linkages. Earlier studies in this research area suggest that academia-industry linkages utilised by companies for their innovation activities may differ across industries, organisational characteristics of companies, and the business and legal environments in which companies operate

### Resource person

Dr. J. S S RAMARAJU, Professor.

### CSE Department Objective

The Objective of the department is to provide quality education with practical orientation by enriching the students with knowledge & skills that help them to become employable graduate Engineers and to face the challenges of the industry and society.

### Vision of CSE Department

To become a center of excellence in computer science and engineering by enriching the problem solving skills and teaching environment that adapts swiftly to the challenges of the society and producing professionals who shall be the leaders in technology innovation, research, entrepreneurship and management.

### Mission of CSE Department

To Provide quality undergraduate education in Computer Science and Engineering so as to prepare our undergraduates to compete in the job market and to contribute to the economic, scientific, and social development. To Develop student's verbal and written communication skills, and instill a desire to pursue lifelong learning by utilizing state-of-the-art resources. To Enable students to have global impact through innovative, quality programs and research that emphasizes collaborative partnerships and success of a diverse student, faculty and community.

### About SKPVV Committee

**The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee** with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

#### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.
- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.

- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## Post-Event Summary

### Executive Summary

Session Title A seminar on "EMERGING TRENDS IN CSE "

Session Presenter Mr. Venkat Pydimarri, GALAXYSOLUTIONS, EXECUTIVE VICE-PRESIDENT

Date of Event 27/06/2018

Summary IV.btech students of CSE department has participated in this event  
On this talk Speaker discussed about the most emerging technology of today in the list of Emerging Trends in Computer Science like Augmented Reality, Responsive Web Design, Ambient Intelligence, HTML5, CSS3.

### Outcomes met

- 1 The participants gained knowledge on present emerging trends in computer science
- 2 They had basic knowledge on the trends in cse

We at ENTREPRENEURSHIP DEVELOPEMENT CELL- PSCMR CET believe that original and innovative ideas, having the potential to change industry by creating value, are formed in young minds. Moulding these ideas into successful ventures and tapping the entrepreneurial talent of such young

minds stands as the prime motive for us. We try to provide adequate resources, extensive network and all kinds of support along with the appropriate platform for aspiring young entrepreneurs to hone their ideas.

#### RESOURCEPERSON:

Mr. VenkatPydimarri, GALAXYSOLUTIONS, EXECUTIVE VICEPRESIDENT

#### Program Objective

How to convert the Research/Project works Small business startups .Buyable startups, Scalable startups, Offshoot startups, Social startups.

#### Topics

1. Small business startups.
2. Buyable startups.
3. Scalable startups.
4. Offshoot startups.covered
5. Social startups.

#### Vision of EDC cell

Our vision is to develop, enhance, and carve out the inner entrepreneurial potentials of the students by way of providing them an opportunity to develop successful enterprises.

#### Mission of EDC cell

Entrepreneurship Development Cell-PSCMR CET aims to convert feasible ideas into actual business propositions which will not only add value to individual but will also benefit the nation as a whole.

#### Objectives of the EDC cell

- To encourage and accelerate the entrepreneurial Activities and help to create an atmosphere of knowledge sharing.

☐ To promote knowledge driven and technology based start up ventures by students, faculty personnel and others.

☐ To become a platform for cultural change and organize workshops, seminars or informal conferences on topics covering every creative intent.

☐ To aid the student community with contemporary issues in their core areas to improve entrepreneurial career opportunities.

☐ To enhance the knowledge of the Students on Entrepreneurial Skills, Soft Skills and startup maintenance.

#### AboutSKPVV Committe

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

Later the members expanded the horizons dynamically to a multifaceted one such as adding up few more schools and colleges besides expanding memberships. The organization gave utmost prominence to professionalism outlook to its administration. The committee members regularly met and reviewed the socio-economic conditions of the town and surrounding villages and always challenged to set up educational institutions to uplift the poor and needy.

#### Mission of the Society

- To establish schools and colleges in and around Vijayawada for providing Education to those who are desirous of being literate.

- To run those educational institutions with high standards and without the discrimination of caste, creed and religion.
- To extend it's helping hand to the society by providing various facets of education.
- To impart higher education to all segments of the society.
- To have special emphasis to the students of socially and economically backward section of the society.
- To impart value based education.
- To study and implement various ways and means of encourage almost all facets of Education by setting up of various institutions.
- To establish and maintain various Educational Institutions.
- To provide the general education but also technical and job oriented programs by taking up necessary steps.
- To increase literacy level among the women by providing educational facility leading to women empowerment.
- To develop social concern and civil responsibilities among the upcoming and talented youth.
- To undertake the construction of building and other facilities and manage the institutions to the best of society's capability.
- To establish libraries with useful books and periodicals for students, teachers and for the public.
- To create suitable facilities to the poor and meritorious students of the society by way of instituting scholarships, mid day meal schemes etc

## Post-Event Summary

### Executive Summary

Session Title A seminar on "Smart Factory Reference Architecture"  
Session Presenter Prof.Gopi Kumar Balusu, CEO, SANKHYA TECHNOLOGIES  
Date of Event 19/06/2018  
Event Summary III & IV B.Tech students of CSE department has participated in this event. On this talk Speaker explained how to identify the functions and interfaces required of manufacturing software systems, key steps to build a smart factory, and importance of smart factory.

### Outcomes met

- 1 The participants understood the aim of the smart factory I.e. how to increase productivity and reduce operational costs by working on all the aspects of the productive process:
- 2 The participants understood the fundamental step necessary to realize the perfect smart factory.

## About the Institute

PSCMR College of Engineering & Technology is SKPVV Hindu High Schools Committee's latest contribution to the cause of education, this time in a new discipline Engineering & Technology. This shows the Committee's eagerness to promote education in as many different areas as possible. The Committee, a non-profit academic organization that had been managing very successfully only schools and arts & science colleges till 2008, then extended its educational service activities to technology education area, and that led to the starting that year, of Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology, almost the first such institute within the Vijayawada city limits. The college is affiliated to JNTU (K) made a modest beginning with an intake of 240 students, 60 each in the branches of ECE, CSE, EEE and IT. MBA course was added the next year, that is, in 2008. Making steady progress, it has now on its rolls 1200 students in two sections of ECE and CSE each, and one section each in EEE and IT. In only its fourth year of functioning, the college has shown its potential for excellence in academics, as shown in the success rate of the students, and is making all out efforts to secure placement for its students. For a sound engineering education and assured post qualification career, PSCMR CET is among the best destination.

The institute is accredited by NAAC and its programmes (CSE, EEE, ECE) are accredited by National Board of Accreditation (NBA). The institute is affiliated to Jawaharlal Nehru Technological University, Kakinada (JNTUK).

## About the CSE department

Department of Computer Science & Engineering has been established in the year 2008 with the current annual intake of 120 students. Computer Science Engineering (CSE) is one of the most sought after course in engineering. Today, Computer Science Engineers are very highly sought after as they are now developing the most complex and innovative forms of technology that we all use today. Because of the broad range of topics within computer science and Engineering and the diverse interests of students, the department also offers with the following

specializations: B.Tech in CSE (Artificial Intelligence & Machine Learning) and B.Tech in CSE (IoT & Cyber Security including Blockchain Technology) with an intake of 60 each along with regular B.Tech CSE. These specializations are in demand just as regular CSE program and are turning out to be an essential for students to stay relevant in the evolving jobs market.

Ph: 0866-2423442

Website: [www.pscmr.ac.in](http://www.pscmr.ac.in)

## About the Program

The theme of the webinar is "Publishing research articles in high impact journals". The webinar focus on deciding the title of the research paper, writing a research article, drafting the abstract, selecting and publishing in a good impact journal.

## Resource person

### RESOURCEPERSON:

**Gopikumarbusulu, Founder & CEO Sankyatechnologies**

## Program Objective

The common understanding amongst the masses an laypeople who do not have any idea about the job of a researcher, scientist, scholar, or any other profession which requires steadfast experimentation and research work to be carried out day in and day out on a particular topic or certain phenomena, is that it must be an easy job. While this is relative to the researcher, generally speaking, it is quite a daunting profession. This is mostly so because it can be pretty hard for a researcher to garner the attention that he/she aspires to, for their work and findings.

## Topics

- Topics about smart factory architecture

## Vision

To be a leading center for education and research in electronics and communication engineering, making the students adaptable to contemporary technologies with sound knowledge and socio-ethical values in an integrated learning environment.

## Mission of R&D cell

**M1:** To produce knowledgeable and technologically competent engineers for providing services to the society.

**M2:** To have a collaboration with leading academic, industrial and research organizations for promoting research activities among faculty and students.

**M3:** To create a unified learning environment for sustained growth in electronics and communication engineering and related areas.

## Objectives of the R&D cell

- ☐ To prepare an annual research activity plan for all the departments.
- ☐ To establish association with industries and R&D organisations and identify the technological challenges being faced by them and providing solutions with the support of faculty and students.
- ☐ To initiate and promote MoU's with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry and Institute interactions etc.
- ☐ To arrange various sessions like FDP's / Workshops/ Seminars by eminent personalities from industry, R&D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- ☐ To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
- ☐ To keep everyone informed about announcements by various funding agencies like DST, SERB, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc and to encourage the faculty and students to apply for major and minor research projects.

## About SKPVV Committee

The SKPVV – Sri Kanyaka Parameswari Vissamsetty Venkataratnam (SKPVV) Hindu High Schools Committee with a passion to disseminate the education and values in the society by imparting education to the people in all levels of the society. The society was formed by a group of philanthropists from business community of Vijayawada, Krishna District, Andhra Pradesh in the year 1906. They contributed their might and collected donations from the like minded people and started primary school to provide education to the poor students of local area and surrounding villages, where there were no schools at that time. The society was registered with the Register of Krishna District in 27th November 1915.

## Department of Freshmen Engineering

**Title/Topic** : Joy of engineering and life skills

**Date** : 14-10-2017

**Venue** : Main Seminar Hall

**Speaker(s)** : K. V. S. G. Murali Krishna

**Designation** : Professor

**N Mapped PO's** :

: P09, P010, P011, P012

### Description

A motivational program by Prof. K. V. S. G. Murali Krishna, Principal, JNTU Nararaopet was conducted on Joy of ` Engineering and life skills' for our I B. Tech students on 14<sup>th</sup> Oct. 2017.

**Fig:** Motivational talk by Prof. K. V. S. G. Murali Krishna, Principal, JNTU Nararaopet

## Department of Freshmen Engineering

<b>Title/Topic</b>	: Born to succeed
<b>Date</b>	: 20-02-2018
<b>Venue</b>	: Main Seminar Hall
<b>Speaker(s)</b>	: Sri G. Sri Ram
<b>Designation</b>	: President, A.P., Vivekananda Rock Memorial
<b>Mapped PO's</b>	: : P09, P010, P011, P012

### Description

A motivational program by Sri G. Sri Ram, President, A.P., Vivekananda Rock Memorial, Kanyakumari was conducted on 'Born to Succeed' for our I B. Tech students on 20<sup>th</sup> Feb. 2018.

**Fig:** Banner for Seminar Born to Succeed

## Department of Freshmen Engineering

**Title/Topic** : Geo-spatial technology  
**Date** : 17-02-2018  
**Venue** : Main Seminar Hall  
**Speaker(s)** : Dr. Rama Chandra Pillutla  
**Designation** : Asst. Prof.

**N Mapped PO's**

**: P05, P07**

### Description

A seminar on Geospatial Technology in Assessing Spatio-Temporal changes in and around Vijayawada city for I B. Tech. students by Dr. Rama Chandra Pillutla, Asst. Prof. of lab for Spatia informatics, international institute of information Technology, Hyd. On 17<sup>th</sup> Feb. 2018.

Fig: Addressing about Spatio-Temporal changes by resource person at Geospatial Technology

# **Sustainable Transportation planning in Indian cities**

On 07-Jul-17

The symposium covers “Sustainable Transportation planning in Indian cities” on morning section and afternoon section panel discussion is conducted between resource person for “control measure to prevent traffic”.

The chief resource person is Dr. K V Krishna Rao, IIT Bombay Professor and HOD Civil.

## **PANEL DISCUSSION MEMBERS:**

1. Dr.K.V.Krishna Rao Prof&HOD IITBOMBAY
2. Sri.Kanthi Rana Tata IPS DCP
3. Dr.Y.Sudheer BABU Principal MIC College
4. Sri N.R.Aravind Principal Planner Traffic and Transport CRDA
5. Dr.G.V.S Raju Senior Consultant Amaravathi Development Corporation
6. Sri P.Kanthu Deputy Cheif Engineer Roads
7. A.Lakshmana Rao City Planner VMC
8. Sri E.Meera Prasad Deputy Transport Commissioner RTA Krishna
9. Sri G.Jaya rao Executive Director Operations APSRTC
10. Sri V.Sreedhar Deputy Director IWT
11. Dr.S.Krishna Rao Assoc Prof VRSEC
12. Sri K.Shyam Prakash Asst.Prof PVPSIT
13. Sri M Vasu Director-Founder VHEEDU-Trust of Safety
14. Sri Wr Kolluri District Governor
15. Mrs.Vimala Chigurupathi Sudheesshna Foundation
16. Ms. A.Lakshmi Annapoorna Margam Foundation

## REPORT ON “Role of DVR’s and Static Exciters in Super Critical Thermal Power Plant”

The “Role of DVR’s and Static Exciters in Super Critical Thermal Power Plant” program is conducted in the department of electrical and electronics Engineering for II, III & IV EEE students on 20/07/2017. The resource person B.RAJU, ADE,AP GENCO made the expert lecture sessions lively and gave important information to the students regarding career opportunities in this area. Around 240 students have registered for the workshop and utilize the opportunity.

Fig: The resource person B.RAJU, ADE,AP GENCO delivered their talk on Role of DVR’s and Static Exciters in Super Critical Thermal Power Plant

## REPORT ON “Simple Yet Powerful Ideas For India’s Power Sector”

The “Simple Yet Powerful Ideas For India’s Power Sector” program is conducted in the department of electrical and electronics Engineering for II, III & IV EEE students on 08/12/2017. The resource person Dr.Hippu Salk Kristle Nathan, IISc, Bangalore made the expert lecture sessions lively and gave important information to the students regarding career opportunities in this area. Around 240 students have registered for the workshop and utilize the opportunity.

Fig: The resource person Dr.Hippu Salk Kristle Nathan delivered their talk on Simple Yet Powerful Ideas For India’s Power Sector

## REPORT ON “Transmission Planning with Renewable”

The “**Transmission Planning with Renewable**” program is conducted in the department of electrical and electronics Engineering for II, III & IV EEE students on 28/12/2017. The resource person Dr.Radha Soorya, Associate Director, Navigant Power Corporations, USA made the expert lecture sessions lively and gave important information to the students regarding career opportunities in this area. Around 240 students have registered for the workshop and utilize the opportunity.

Fig: The resource person Dr.Radha Soorya delivered their talk Transmission Planning with Renewable

## REPORT ON “DESIGNING SOLAR ENERGY PV SYSTEMS”

The “**DESIGNING SOLAR ENERGY PV SYSTEMS**” program is conducted in the department of electrical and electronics Engineering for IV EEE students during the period from 26-2-18 TO 27-2-18. The Trainer B.PURUSHOTHAMA CHARY , GREEN ENERGY TECHNOLOGIES, HYD made the workshop sessions lively and gave important information to the students regarding career opportunities in this area. Around 240 students have registered for the workshop and utilize the opportunity.

Fig: The Trainer B.PURUSHOTHAMA CHARY Garu training the students

## REPORT ON HARDWARE TRAINING

The Hardware Training program is conducted in the department of Electronics and Communication Engineering for all II and III Year ECE students during the period of 10-07-2017 to 23-07-2016. The Trainers B.Vijay from AEC Technology made the workshop sessions lively and gave important information to the students regarding career in Hardware and Networking. Around 200 students have registered for the workshop and utilize the opportunity.

Fig: The trainer explaining about internal parts of computer

Fig. Students learning about the computer hardware

## **REPORT ON HARDWARE TRAINING**

The Hardware Training program is conducted in the department of Computer Science and Engineering for all II and III Year CSE students during the period of 10-07-2017 to 23-07-2016. The Trainers B.Vijay from AEC Technology made the workshop sessions lively and gave important information to the students regarding career in Hardware and Networking. Around 200 students have registered for the workshop and utilize the opportunity.

Fig: The Students are participated in Hardware Training class

## REPORT ON BLOCK CHAIN TECHNOLOGY

The " BLOCK CHAIN TECHNOLOGY " workshop is conducted with collaboration of Computer Society of India on 15-7-2017 in the department of Computer Science and Engineering for all students of CSE. The Trainer Mr.V.Srinivasa Raju from Alykas Innovations Vizag, share the experience in Block Chain implementation and gave important information to the students regarding career opportunities in this area. Around 240 students have registered for the workshop and utilize the opportunity.

Fig: Students are participated in the Block Chain Technology

Fig: Certificate of Participation is distributed for Block Chain Technology

## REPORT ON KEEPING YOURSELF AT LEAST WITH CHANGING TECHNOLOGY

The " **Keeping Yourself At Least With Changing Technology** " Workshop is organized in the department of Computer Science and Engineering for all CSE students on the period 28-12-2017. The Resource Person share the useful stuff to the students. Around 100 students have registered for the workshop and utilize the opportunity.

Fig: Resource person gave talk on Keeping Yourself At Least With Changing Technology

## REPORT ON LARGEST LEARTHON OF INDIA

The " **Largest Learthon Of India** " is a Learthon organized with collaborating ICT Digital Youth in the department of Computer Science and Engineering for all CSE students on the period 02-02-2018 to 03-02-2018. This learnathon share the useful stuff to the students and achieve certification courses. Around 496 students have registered for the workshop and utilize the opportunity.

Fig: Certification of Appreciation to the Coordinator K.Sudhakar for effective organizing the "Largest Learnathon from of India" from ICT Academy

## REPORT ON AN INNOVATIVE METHODS OF 3D PRINTING

The "An Innovative Methods of 3D Printing" workshop organized in the department of Computer Science and Engineering for all CSE students on the period 21-02-2018 to 22-02-2018. The Resource Person A.Gopi Raja, Founder and CEO of FOPPLE DRONE TEC Pvt.Ltd. and his team come over and helped to bring the useful stuff to the students and offered certificate of participation at the end of the workshop day. Around 110 students have registered for the workshop and utilize the opportunity.

Fig: Certificate of Participation is distributed for An Innovative Methods of 3D Printing

### **Seminar on Intellectual Property Rights: 10th oct 2017 To 12th oct 2017**

Intellectual Property Rights (IPR) plays a vital role in enhancing the socio-economic prosperity of the country. Creativity and innovation are new drivers of the world economy. With the increasing relevance of Intellectual Property (IP) in this era of globalization, it is important to recognize the role which IP systems play in the growth of the Nation. Thus, there is a need to create large public awareness about the pivotal role of IPR in globalized knowledge economy. With the view to create awareness on the significance of IPR to the people from various sectors in the Country, PSCMR college is organizing a Three days Seminar on Intellectual Property Rights at Campus. The Seminar is intended to cover various aspects of IPR like Patents, Copyrights, Trademarks, etc. The technical sessions will be led by the speakers having thorough knowledge in the subject who have been practicing in the field for many years. The expected participants of the program include Scientists, Research Scholars, Small & Medium Enterprise (SME) and Grass Root Innovators.

This Seminar would focus on
