Name of the program: **"FREE GROCERIES DISTRIBUTION TO 250 POOR ARTISTS"**
Venue: PSCMR CET

Summary report

We organize distribution of Groceries in college to 250 poor artists. We as an organization strongly feel about destitute and for us nobody should suffer the lack of Food. The main Awareness of this programme is to promote Malnutrition in Children. So just because they are poor we don't want they should suffer- because for us all human life is sacred.

These camps are very often and have its own importance.

Because All Human Life Is Sacred...!

Summary report

On 21-01-2021 PSCMR NSS Unit is organized sapling distribution to college students and plantation at college premises in association with Indian Youth Red Cross. Our principle *Dr. K Sri Rama Krishna* of PSCMR CET addressed the students and stated that half of human lungs work was done by plants because what we exhale is inhaled by plants and what plants were exhaled is inhaled by human being. So plants are part of human life. So it is our responsibility to protect plants to survive. NSS Volunteers and students of PSCMR CET were participated in this event with a slogan *Each one Plant one*.

Name of the program: "Blood Donation Camp"

Date: 01-04-2021

Venue: KBN College

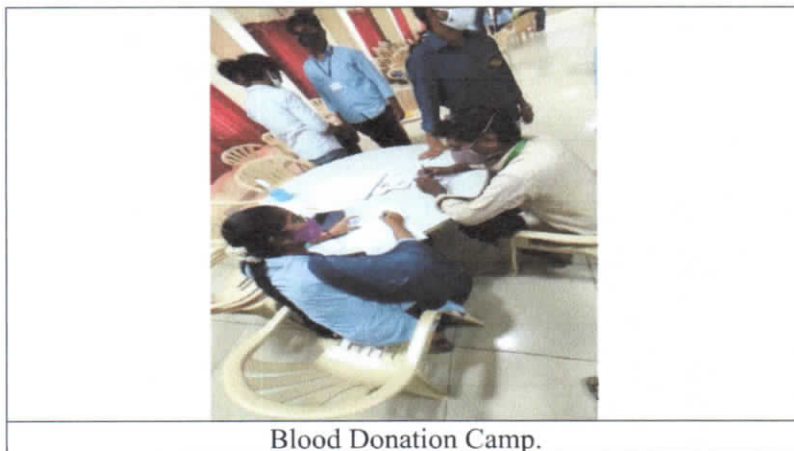

Summary report

Description: Blood donation is a practice of donating healthy blood to people in need. People also tend to store blood in blood banks for future use. It is a sign of humanity which helps in uniting people of different religion, caste, and creed.

Blood is one of the essential fluid in our body, which helps the body to function smoothly. Blood Donation is an act of donating healthy blood to needy people. Due to excessive loss of blood, a person may die. Therefore, we can say that blood donation is an act of saving lives. 14th June is celebrated all over the globe as Blood Donor Day, where people all over the world, engage in spreading about this life-saving act. Many blood donation camps are held on that day, and millions of people across the globe actively participate in the program.

Blood donation is beneficial in many ways, such as if a person is severely ill or has met an accident where he lost a considerable amount of blood; the donated blood comes into play, which helps the patient to recover gradually.

NSS Volunteers, Students and Faculty of PSCMR CET, Donated blood for the needy people through new city blood bank. Dr.K.Sri Rama Krishina Principal of PSCMRCET, expressed his gratitude to the NSS unit of the college for its continuous endeavor in this regard

Blood Donation Camp.

Name of the Programme: DISTRIBUTING FACE MASKS TO DEFAULTERS BY PSCMR
NSS UNIT AT ISLAMPET, VIJAYAWADA

VENUE: ISLAM PET, Vijayawada

Objective: The main objective of distributing face masks to defaulters is strived to educate the people first and taking adequate precautionary measures from COVID-19.

NSS unit of PSCMR CET believes that masks are a simple barrier to help prevent your respiratory droplets from reaching others. Masks reduce the spray of droplets when worn over the nose and mouth. We should wear a mask, even if you do not feel sick. Face coverings limit the volume and travel distance of expiratory droplets dispersed when talking, breathing, and coughing. A face covering without vents or holes will also filter out particles containing the virus from inhaled and exhaled air, reducing the chances of infection. So NSS volunteers of PSCMR CET distributed masks among passengers at ISLAM PET, Vijayawada. The purpose was to spread awareness about the precautions to be taken during these days while visiting public places. Dr. K Ramakrishna Principal, said youngsters of any nation were the most important instrument of bringing about a positive change. NSS Volunteers and NSS PO were participated in to this event.

Summary report

Description: Energy conservation refers to the efforts made to reduce the consumption of energy. The energy on Earth is not in unlimited supply. Furthermore, energy can take plenty of time to regenerate. This certainly makes it essential to conserve energy. Most noteworthy, energy conservation is achievable either by using energy more efficiently or by reducing the amount of service usage.

Importance of Energy Conservation

First of all, energy conservation plays an important role in saving non-renewable energy resources. Furthermore, non-renewable energy sources take many centuries to regenerate. Moreover, humans consume energy at a faster rate than it can be produced. Therefore, energy conservation would lead to the preservation of these precious non-renewable sources of energy.

Another important reason for energy conservation is environmental protection. This is because various energy sources are significantly harmful to the environment. Furthermore, the burning of fossil fuels considerably pollutes the atmosphere. Moreover, nuclear energy creates dangerous nuclear waste. Hence, energy conservation will lead to environmental protection.

Measures to Conserve Energy

Energy taxation is a good measure from the government to conserve energy. Furthermore, several countries apply energy or a carbon tax on energy users. This tax would certainly put pressure on energy users to reduce their energy consumption. Moreover, carbon tax forces energy users to shift to other energy sources that are less harmful.

NSS Volunteers, Faculty staff members of PSCMRCET and 300 students participated in ENERGY CONSERVATION AWARENESS CAMPAIGN on 23-04-2021.

Summary report

The objective of Food Donation to homeless people around Vijayawada helps you choose a way through which one can make a great difference in the lives of many.

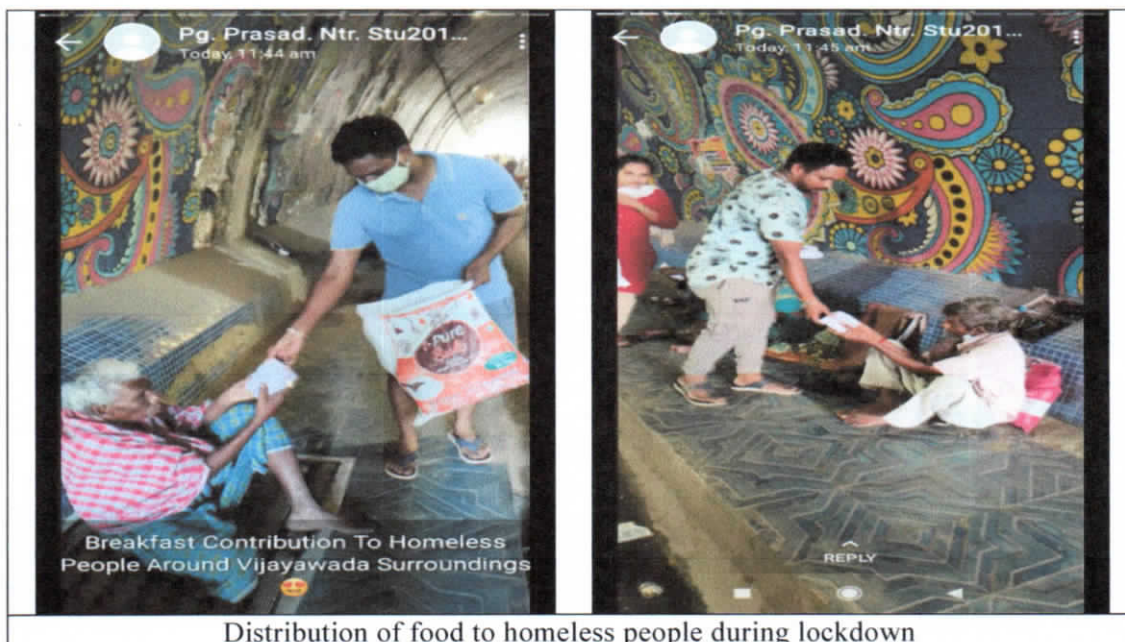

NSS Volunteers of PSCMR CET distributed food to the homeless people

Food donation offers to the needy:

A well-cooked meal is a symbol of care and love.

Donating a meal establishes this fact and makes them feel cared.

Offering good food to the children is a symbol of affection at adopted village.
