Single-Page Detailed Report For the Krishnastami Celebrations Event

The Department of Computer Science and Engineering celebrated Krishnastami with great devotion, joy, and enthusiasm. The celebration aimed to promote Indian culture, spiritual values, and traditional practices among students and faculty members.

The programme was graced by the presence of the College Principal Sir, Secretary Sir Sri Chitta Amar Sudheer, and Treasurer Sri Kaja Raghavaiah, along with their family members, faculty members, and students. Their participation added significance and importance to the occasion.

The celebrations commenced with traditional Pooja to Lord Sri Krishna. The dignitaries participated in the Pooja and offered prayers, seeking divine blessings for the well-being, prosperity, and success of the institution. Faculty members and students also actively participated in the religious rituals and offered their prayers.

The campus was filled with a devotional and festive atmosphere. The celebration highlighted the birth of Lord Sri Krishna and his teachings on truth, righteousness, devotion, and the importance of performing one's duties. The presence of the institutional leadership encouraged students and faculty members to actively participate in cultural and traditional celebrations.

The event provided an opportunity for students and faculty members to come together, celebrate Indian traditions, and strengthen their relationships beyond regular academic activities.

Outcomes of the Event:

1. Promoted awareness of the cultural and spiritual significance of Krishnastami.
2. Encouraged students to respect and preserve Indian traditions and festivals.
3. Promoted devotion, discipline, and moral values among students.
4. Strengthened the relationship between institutional management, faculty members, and students.
5. Encouraged active participation in cultural and extracurricular activities.
6. Fostered unity, harmony, and a sense of togetherness within the institution.
