

DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

**OUR STUDENTS at INDUSTRIAL TRAINING**

## DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

### **The Objectives of Industrial Trainings are:**

- To encourage students to apply the skills and knowledge gained in the curriculum course to benefit the organization
- To develop students in term of ability, competence and interpersonal relationship.
- To provide pre-professional work experience with specific assignment and responsibilities.
- To expose and familiarize the students to rules and regulations including safety in industrial environment.
- To help students in collecting some ideas and knowledge for final year project.
